Thread: [Darkside's sig shop](#)

Mk-Diablo - June 13, 2010, 9:26 pm

Alright, I've decided to make a sig shop here.

Rules for Requesting

- All Requesters MUST be patient
- only 5 requests at a time
- Each member may have one request per month, if they aren't satisfied with original it will be remade.
- Please tell me the style you would like when requesting
- No fucking Anime sig requests (Exception to this rule is Naruto, Bleach, and DBZ)
- I don't do LQ renders

I appreciate comments on my hardwork, thanks.

Logan - June 13, 2010, 11:02 pm

I just want kind of like a mysterious/dark themed sig, hence my username

text - ????????

Try something around those lines

Invious - June 13, 2010, 11:02 pm

wow love that dragon one do you sell these sigs?

Unrated - June 13, 2010, 11:20 pm

Sleepy - June 14, 2010, 12:04 am

These are really nice signature's, After my exams tomorrow I'll put my request for a signature in. Nice member for offering your services. ?

Mk-Diablo - June 14, 2010, 5:08 am

I have to go to school now, and I'll consider doing an anime request.

It's not I suck at doing them I just don't enjoy them, I can make awesome anime sigs. XD

killerguy - June 14, 2010, 5:29 am

hi Mk-Diablo just saw your showcase they are damn good and awesome so I want you to make me a bad ass sign.

make it badass and cool may be dark themed or anything you think that might look good (you can use your own creativity) and have to go well with my username (killerguy)

Mk-Diablo - June 14, 2010, 11:30 am

I will sell the sigs to members if they want to buy one, but separate/first requests are always free.

Anything else will be considered a commission, and about your request can I make it black and white? or Dark themed colors?

B3ar - June 14, 2010, 12:17 pm

I like your work Mk-Diablo, they really do look bad ass.

If you have some time I wouldn't mind a sig.

:Dark Themed

With a Grizzly Cub (Wearing a black hat) controlling some zombies on strings. Cartoonish/comicish style like you are good at.

Thanks for supporting my art :D

Okay, I'm making a new rule.

If your gonna request a signature and then not use it, then don't fucking request.

diablo first of all i am sorry but i really didnt like the sign that you have made for me it is so over sized the render is not good enuff.

although other signs are epic and definitely marvelous and excellent (especially the new venom one is too good).

i would really appreciate if you could make me another one but if you dont have time for it then no problem and keep up the good work.

Mk-Diablo - June 15, 2010, 4:36 pm

Yeah, sorry I didn't know exactly what you wanted and I kinda fucked up. XD

Mind explaining what kind of render you would want? (Symbiote, Ninja, Demon)

Is that any better?

or you can give me the new venom sign and (just change the text font to something else) that you had made for logan i guess he is not using it.

thanks in advance

It looks really good but simple to make.

Mk-Diablo - June 16, 2010, 1:34 pm

cause over 30 layers doesn't scream simple to me.

@Killerguy

Even tho you only have 10 posts, they must be allll high quality posts like this.

You speak the truth, as stated by another member, his work is not your standard 3/4 layers, but about 40 or something, hence the high quality in his signatures

As for killerguy, i do agree with DANTES iiNFERNO. You should be happy that he even offered to redo it, a third time. Just be patient and wait, the final product will be amazing!

I was talking to Diablo last night my first idea wouldnt work so he let me think of a different design instead of just sending me away, because hes obviously a nice guy who enjoys what he does and he said he will try for me so i beleive he will and if he cant do then fair enough hes tried all you can ask yh ??

p3z1337 - June 22, 2010, 12:21 am
Hey i'm new to HF.

I was wondering if you could make one like the boarder of unrated's but with nautical stars and it saw " PEZ to legit for this shit"

It would be greatly appreciated Ty so much!!!

Mk-Diablo - June 22, 2010, 10:59 am
Okay, repeating your request doesn't get it done.

I don't even understand yours module, Lone drinker I'm not great at abstract but I can try.

@p3z
unrated is a good friend of mine, I recommend you pm him for the request.

DBZ is quite hard for me, due to their mostly LQ artwork.

Lonedrinker - June 22, 2010, 11:36 am
Well it doesn't necessarily have to be abstract but I figured that would fit the best.

DANTES iINFERN0 - June 22, 2010, 1:18 pm

IMG SIG

text: Nikkey`

colours: blue

certain style:something that will fit ;).

render/stock:<http://pandorascanvas.com/gallery/picture/real-life/877-lil-wayne.html>

So, if you could do this it would be lovley;). I want like the render in the middle of the sig, and some kind of magic around it, and some nice text

xSiiK - June 23, 2010, 4:39 pm

Dude sorry to seem bitchy but, I've asked twice now :(

Copied and pasted;

Theme - Abstract or Anime.
Colours- what ever fits with theme and render.

I would Like a sig to do with naruto, but not naruto himself, characters like Sasuke, Itachi or Kakashi.

With my name on there any where what ever fits best I like your venom and kakashi one's from your examples anything along them lines or better will do ;)

Can you try to make me an avatar aswell please I need a good one really badly ;D

Mk-Diablo - June 24, 2010, 3:53 pm

Was that some kind of troll attempt Noxen?

I bet money that the sig ripper is probably you on a double account, not my fault your sigs are insuperior to the world.

Dayum - June 24, 2010, 4:38 pm

Hey, I'd like a sig if you aren't to busy :)

I want it to be of lady gaga with most of the colors surrounding shades of purple, and maybe a little pink if that looks good.

The text should say "Dayum"

Thanks in advance :)

Mk-Diablo - June 24, 2010, 4:46 pm

Sorry shop is currently closed until ripper removes my sig :/

Sig shop back up thanks to chang

Dayum - June 24, 2010, 7:15 pm

...so this is what i get for helping? lol. Remember i was the one who told you he stole your sig. Also, why would i go through the trouble of making a second account, stealing some randoms sig, then telling the sig maker that someone stole his sig..?

I try to make a joke that the text "*_FoxFire_" he added on was the best bit (Which was obviously not) and now you accuse me of being him?

You should know your very ill-mannered. This just taught me a great lesson, never to help you.

Mk-Diablo - June 25, 2010, 2:01 pm

Well I don't like jokes about my sigs getting ripped, excuse me if I'm just old fashioned that way.

I believe if you do the work, then it's yours maybe you like making jokes about it, but I take it EXTREMELY serious.
