Thread: [Hacking & Coding group | Share your knowledge | Skype group](#)

Pangaia - April 30, 2015, 8:54 am

Opening up an Skype group for people that want to expand their knowledge

I'm not some god in these areas, but it'll be fun to contribute with whatever I can along with other members :)

No tolerance against:

DDosing other members

Harassing other members

Disrespectful attitude against other members

Code [b]Age:[/b]

[b]Known areas:[/b]

[b]What can I add to the group:[/b]

[b]Coding languages:[/b]

[b]Skype:[/b]

Datageni - April 30, 2015, 9:21 am

Age: Seventeen

Known areas: Programming, small time cracking

What can I add to the group: I'll help out whenever it's neccerary, as I'm very experienced with PHP and C# development.

Coding languages: PHP, C#

Skype: I'll send you my Skype via a private message.

Th3PonyWizard - April 30, 2015, 4:45 pm

Age: 17

Known areas: websec

What can I add to the group: knowledge, resources

Coding languages: C, C++, PHP, Python, ASM

Skype: niki-k1ng79

HACKED BY Unreal - April 30, 2015, 4:48 pm

Age: 16

Known areas: Doxing, hacking, coding, smart person

What can I add to the group: Assistance on many stuff

Coding languages: .NET, java, php, html

Skype: I PMed you it. ?

Mr. Robot - April 30, 2015, 4:51 pm

Age:Undisclosed

Known areas:Money making - crazy ideas guy

What can I add to the group:Knowledge, random ideas that somehow work, advanced doxer.

Coding languages:C, C++, Python - well basically most things.

Skype:Pm me

Pangaia - May 1, 2015, 5:04 am

Will contact you who applied :)

Keep it coming

SIM-2223238 - May 1, 2015, 8:39 am

Age: 16

Known areas: Random things, Doxing etc.

What can I add to the group: I can help people out on random topics.

Coding languages: C# and PHP

Skype: aggron666

Recursive™ - May 1, 2015, 12:58 pm

Age: 18

Known areas: Website development, forum software guru, general software development (theory side) and literary assistance when required. Business and in particular market analysis, with which I can thoroughly answer questions about the viability of both in real life and e-commerce markets.

What can I add to the group: My German speaking skills which are profoundly good and my pascal/delphi is good.

Coding languages: Pascal/Delphi, HTML, CSS and a bit of Javascript and learning Java and PHP

Skype: recursivecoder

Demo™ - May 6, 2015, 8:07 am

Age: 14

Known areas: Cracking

What can I add to the group: Cracking knowledge, cracking configs, accounts

Coding languages: None ;-;

Skype: Omed-Y

nepHaXOr - May 6, 2015, 8:17 am

Age: Seventeen

Known areas: Programming, sql injection, sites rooting/shelling

What can I add to the group: I'll help out whenever it's necessary.

Coding languages: C & python

Skype: nephaxor

Glubz - May 6, 2015, 9:30 am

Age: 15

Known areas: Web development, cracking, critical exploiting (CSRFs to XSS)

What can I add to the group: Whatever comes to me I'll be sure to give it a shot.

Coding languages: PHP, HTML, C++, some Python

Skype: Breeze

kahvifetis - May 6, 2015, 12:39 pm

Age: 16

Known areas: Web Development, Marketing, Security, OS systems

What can I add to the group: Help with Linux, Windows systems and tips for many stuff.

Coding languages: HTML, PHP, C++, C# I know bit all of these

Skype: janixc

Rally the Bulls - May 7, 2015, 6:14 am

Age: 20

Known areas: SQL injection, XSS, Web design. General interest in Computer Science, plan to

pursue a degree.

What can I add to the group: I'm a knowledge advocate, and I am constantly trying to improve my skills all-around in the Computer Science field. I hope to self-educate before beginning college for a degree in the field. I would love to collaborate with like-minded users who can share information or start projects with one another. I think I could also provide high-quality content for other users to browse/read/watch.

Coding languages: The basics; HTML, Javascript, basic understanding of PHP functions. Currently learning Python via [Google's Python Class](#), [Codecademy](#), and [PythonChallenge](#).

Skype: undefined.user@live.com

PirateSec - May 7, 2015, 9:58 am

Age:Fifteen

Known areas: HQ Elite proxies, A bit of Ratting and Always managing to find the easy way out

What can I add to the group: I can get HQ Proxy dumps for any kind of Cracking

Coding languages: none. Im eager to learn some but can't seem to find a good way for it.

Skype: Bucket.pirate

CodeNinja1 - May 7, 2015, 6:31 pm

Age: 24

Known areas: Web Programming,Web Hacking

What can I add to the group: I am helpful person.

Coding languages: HTML/HTML5,CSS/CSS3,JS,jQuery,PHP

Skype:caakash03

Thanks

Optimization - May 9, 2015, 6:12 pm

Age:

21

Known areas:

Cracking, Money making, Botnets

What can I add to the group:

Knowledge and support

Coding languages:

None, well HTML/CSS

Skype:

PM me please.

G???????f????s? - May 9, 2015, 6:15 pm

Age:

15

Known areas:

C++, HTML, CSS,

What can I add to the group:

Some knowledge and help

Coding languages:

HTML, CSS, C++, some java

Skype:

Please PM me

Crory - May 10, 2015, 10:55 am

Age: 16

Known areas: Sqli, Cracking, basic Programming Skills, Ratting/doxing.

What can I add to the group: I'm ready to share my Knowledge for free.

Coding languages: C# & Batch

Skype: Pmed you

Ego Inc - May 10, 2015, 8:28 pm

Age: 17

Known areas: programming, and rooting and general hacking along with a good deal of background in network security.

What can I add to the group: Knowledge, and actual productivity as long as I'm not the only productive individual.

Coding languages: php, c/c++, asm (ARM and 8086), python, perl, and several others.

Skype: ego.inc

SkyWay - May 11, 2015, 9:43 pm

Age: 20

Known areas: Programming, Web Hacking

What can I add to the group: I will help many members with my knowledge.

Coding languages: C, C++, HTML, CSS, JS, jQuery, PHP (Basic)

Skype: skyway.watson

X-Max-Tactical - May 12, 2015, 2:37 pm

Age: 23

Known areas: Programming, Hacking, web developping, money making, good ideas.

What can I add to the group: I will share ideas and codes I will hhelp using my ideas

Coding languages: C++, .Net, HTML, PHP, JavaScript, Batch,

Skype: maxx.orion

ohbeehayve - May 13, 2015, 5:00 am

Age: 27

Known areas: Software engineering

What can I add to the group: Knowledge, time, effort

Coding languages: C++, C#, Java, Python and many more

Skype: ohbeehayve

wewlad - May 23, 2015, 11:13 am

Age: 16

Known areas: Social Engineering, Programming, your mom, etc.

What can I add to the group: Comic relief and some insight in some coding issues

Coding languages: Java, PHP, some C and C++, some SQL, HTML, CSS, Befunge (<- fuck that)

Skype: jazipper64

kammi321 - May 23, 2015, 2:01 pm

Age: 20

Known areas: Programming, VPN and Web Servers/ Virtualization/ Email Servers

What can I add to the group: Knowledge and help as much as possible.

Coding languages: C/C++/Vb.net

Skype: kammikhan321

N3xuz - May 23, 2015, 7:59 pm

Age: Mid/late teens

Known areas: Programming and exploitation (limited to experienced programming languages)
What can I add to the group: Unfortunately I don't think I'm able to help out with anything but Java related problems, I'm applying mainly to learn new things, as I think this would be the perfect opportunity to do so.
Coding languages: Java
Skype: PM me if I'm accepted

123keshavdoggy - May 24, 2015, 1:36 am

AGE :- 19

KNOWN AREAS :- sql injection, social engineering, rats
FOR GROUP :- will be dominating my 100% so as to get 100%. Will share my knowledge and will get the knowledge from others as well.
CODING LANGUAGE :- HTML , CSS , A LITTLE BIT IN MORE LANGUAGES.
SKYPE :- live:amitsahdev

codex01 - May 24, 2015, 2:08 pm

Age: 15

Known areas: Programming, Website coding, little bit of gamedev,
What can I add to the group: I would help the others if I know the answer, also I would like to learn some new things :)
Coding languages: Java, C#, Web languages
Skype: codex012

elitex1882 - May 26, 2015, 3:58 am

Age: 14

Known areas: Programming
What can I add to the group: I would like to use my knowledge of programing for this groups benefit.
Coding languages: Python, Java
Skype: Python1882

newQuery - June 15, 2015, 3:12 am

Age: 18

Known areas: Web dev, injectionS, Rats
What can I add to the group: I'm really kind, and I'll help out whenever I can
Coding languages: html,css,php,opp,pdo, little bit of vb.net & C# & Javascript
Skype: Check your inbox

SIM-2756310 - June 15, 2015, 3:59 pm

Age: 19

Known areas: Rat, BruteForce, Keyloggers and etc
What can I add to the group: knowledge, resources
Coding languages: None.. :(But will soon start to learn
Skype: I will send over PM if i get contacted

Raz3r - June 15, 2015, 5:46 pm

(May 7, 2015 09:58 AM)PirateSec Wrote: [\[CITE\]](#) Age:Fifteen
Known areas: HQ Elite proxies, A bit of Ratting and Always managing to find the easy way out
What can I add to the group: I can get HQ Proxy dumps for any kind of Cracking
Coding languages: none. Im eager to learn some but can't seem to find a good way for it.
Skype: Bucket.pirate
Yes yes, downloading a proxy scraper and a rat make you a hacker.

Op, pm me your Skype, I'll do a review there.

Arrandale - June 18, 2015, 2:44 am

Age: 20

Known areas: Programming, hacking, anonymity

What can I add to the group: anything that i can share i will share

Coding languages: C++

Skype: sent via PM

Java. - June 18, 2015, 4:40 pm

Age: 6071 Days

Known areas: Hacking, decompiling, doxing etc

What can I add to the group: Knowledge, unity, creativity.

Coding languages: JavaScript, VB, HTML

Skype: Java.hf

Freisetzung - June 18, 2015, 5:16 pm

Age: 18

Known areas: Pretty new to HF, but I recently took an interest to ewhoring

What can I add to the group: Intelligent questions and shitty input

Coding languages: html, css, python

Skype: blazeitfgt420uwotm8 (it's legit)

Black_Georg - July 23, 2015, 2:45 pm

Age: 24

Known areas: Programming, web design and development, InfoSec

What can I add to the group: Knowledge, ideas, source codes, whatever I can

Coding languages: Python, C++, Java, JS, HTML, CSS, some PHP and SQL

Skype: nemanja_djurcic

The Unloved - July 23, 2015, 11:16 pm

Age: 16

Known areas: Doxing, E-whoring and blackhat e-whoring

What can I add to the group: Knowledge, Fairness, Reason

Coding languages: N/A

Skype: vulcan.sanitary

Vector.A+ - August 1, 2015, 2:15 pm

Age: Maturity has not to do with maturity

Known areas: Programming, And some ITsec

What can I add to the group: Knowledge about everything I know, Ideas, ,everything possible

Coding languages: Python C C# VB.NET C++ (starter) html css

Skype: I will pm if accepted

Publicm9 - August 1, 2015, 2:48 pm

Age: /

Known areas: rooting

What can I add to the group: Coding help

Coding languages: Python showed me an perl

Skype: rick.rolled2

Culperring722 - August 1, 2015, 4:15 pm

Age: 20

Known areas: Sqli, XSS,Forensics, Network hacking
What can I add to the group: Custom scripts, knowledge
Coding languages:Python,Html/Css,PHP,SQL
Skype: PM me if im accepted and ill give it to you :)

hahdbwoannniabs - August 1, 2015, 6:13 pm

(May 1, 2015 08:39 AM)Aggron Wrote: [\[CITE\]](#) Age: 16
Known areas: Random things, Doxing etc.
What can I add to the group: I can help people out on random topics.
Coding languages: C# and PHP
Skype: aggron666
>applies for hacking and coding group
>"doxing"

CryptedPacket - August 2, 2015, 3:45 am

Age:14
Known areas: SQL Injection, XSS, OpenRedirect, Cryptography, Hacking, Social Engineering, Programming.
What can I add to the group: Humour, entertainment. Make people happy and help out. Teach hacking and commit attacks.
Coding languages: C++, C, C#, HTML, CSS, JavaScript, Ruby, Python and Racket.
Skype: alexandersafstrom.ofc

?

Dr House - August 2, 2015, 3:50 am

Age: 16
Known areas: I have made a little bit of money, and have basic coding knowledge.
What can I add to the group: A chill guy to talk to, will help members if I can, and would love to compete/work with and be taught by other members.
Coding languages: I am currently learning python.
Skype: PM me!

duvrai - August 2, 2015, 5:30 am

Age: 21
Known areas: I have known about bad manner stuff like a blackhat :-)
Iam looking for a nice group to talk about stuff (no need to start business)
Coding languages: C# C++ PHP +++
Skype: only via PM

Sharkky - August 3, 2015, 11:25 am

Age:Dox me
Known areas: Web pentesting, currently coding a botnet
What can I add to the group:Yours to judge.
Coding languages: HTML-CSS-PHP-SQL-Ruby-Python-Java-C-C++
Skype: see below

Packets395 - August 3, 2015, 5:04 pm

Age: 20
Known areas: programming, SQLi, remote admin tools and SE
What can I add to the group: I am a second year computer programming student and I know a thing or two about several programming languages.
Coding languages: C# and C. Scripting languages - PHP and JavaScript.

Skype: PM me for it

xorl - August 4, 2015, 2:31 pm

Age: 16

Known areas: web security, lowlevel

What can I add to the group: knowledge

Coding languages: Python, PHP, C, x86/x86-64 and some mips/arm

Skype: I'll drop it in a PM.

Zapchast - August 5, 2015, 5:22 pm

Age: -

Known areas: Low level exploitation

What can I add to the group: Knowledge

Coding languages: C, Ruby, a bit of x86 & x86_64 ASM, Python

Skype: Y not IRC? (In PM)

NoMercy - August 5, 2015, 5:41 pm

Age: 17

Known areas: Rating, spreading, account attacking and lot of general knowledge.

What can I add to the group: As an Intelligent individual with a dib and dab of knowledge I can probably help your group.

Coding languages: Html/CSS

Skype: NoMercy.exe

?Syria - August 5, 2015, 5:59 pm

Age: 15

Known areas: RAT Section, Hacking Section In General

What can I add to the group: What ever is needed ill give it a try!

Coding languages: C++, Python, PHP, JS, HTML

Skype: vitehaxor

MrX_SpyneT - August 6, 2015, 6:01 am

Age: 18

Known areas: MrX_SpyneT Or MrX

What can I add to the group: I'll help out whenever it's necessary. (Programming / Hacking / Spam)

Coding languages: VB.net / Python / Perl

Skype: firashamdouni2

Lucky 3 - August 17, 2015, 9:54 am

Age: 16

Known areas: Money making, SQLI, defacing, xss

What can I add to the group: visual basic, money making(SMM) and any other way i can help

Coding languages: visual basic

Skype: p0wer.gh0st

Sharkky - August 19, 2015, 4:28 am

Age: 16

Known areas: Web security, Social engineering, Doxing

What can I add to the group: Everything :delvish:
Coding languages: I consider myself as fluent in HTML (3pic l33t hax0r omg),CSS,PHP,SQL,JAVASCRIPT,C and learning PYTHON.
Skype: see below

M1K3Y W1N50N - August 19, 2015, 1:40 pm

Age: 19

Known areas: often at hacking tools, coding, League of Legends.

What can I add to the group: I can help ppl if they have some issues, also if I get better at C++

Coding languages: a bit of C#, visual basic, basics of html now trying to master C++

Skype: pm me if I got accepted

zeroxi - August 19, 2015, 4:08 pm

b]Age:[/b] 17

Known areas: Doxing, SQLi, Network Stressing

What can I add to the group: I can help people for some stuff based on my knowledge

Coding languages: php

Skype: d.4.n.k

KillMach - August 20, 2015, 2:50 pm

Age: 21

Known areas:Comp Networks, social engineering

What can I add to the group:A member that is ALWAYS THERE, always learning and doing more im a student studying cyber defense I WILL ALWAYS IMPROVE. oh and im not an asshole?

Coding languages: sadly none but eager to learn

Skype:tmdaxc

Hoodie+ - August 20, 2015, 3:38 pm

Age: 16

Known areas: Web-development, programming, design, doxing, some SQLi & XSS.

What can I add to the group: I can give tips and help others out.

Coding languages: HTML, CSS, PHP, JS, C, C++ and know basics of some other languages like python, vbscript, visual basic, C#.

Skype: xrinkk.

offpageseo - October 28, 2015, 4:55 am

add me in your skype group

aftabkhatri1

SIM-1230922 - October 28, 2015, 9:00 am

Age: N/A

Known areas: General knowledge about blackhat/greyhat and making money.

What can I add to the group: A helping hand and someone who is social and enjoyable to talk with.

Coding languages: AutoIT + VB.NET

Skype: PMed you.

Voxi - October 29, 2015, 4:44 am

Age:17

Known areas:HTML, E-whoring,Doxing,DDOS/DOS and Social Engineering

What can I add to the group:I can teach people about doxing and SE.

Coding languages:Currently I know HTML, but I'm learning CSS,Javascript,Python and ruby as I type this.

Skype: I'll PM you.

SIM-2696289 - October 29, 2015, 9:54 am

Age: 16

Known areas: Programming, basic hacking (social media, RATS , social engineering, ewhoring) , everything related to windows, knowledge of cyber, blackhat & darkweb...

What can i add to the group: well I will share everything I know & I will help anyone who needs help if i can solve the problem

Coding languages: HTML&css, C#, basic javaSE(still learning java)

skype: ezipworld22

* I would love to learn and to increase my hacking skills :)

Louis C.K. - October 29, 2015, 4:37 pm

Age: 15

Known areas: Marketing

What can I add to the group: contribute as much of my skills as possible

Coding languages:html, css

Skype:eiffel.towerhf

redasurC - October 29, 2015, 4:54 pm

you know when your a little anonymousbutt when you put your age and location as "top secret" or undisclosed

Giommi - October 29, 2015, 5:50 pm

Age:18

Known areas:BlackHat, Making money

What can I add to the group:Cash

Coding languages:VB.Net

Skype:giommi_97

SIM-2914245 - October 30, 2015, 8:53 am

Age:15

Ok I'm just going to say this outright, I am extremely inexperienced and such and I am very new here so and and so forth, I would like to join your group though to be able to expand my own knowledge and learn quicker from people who actually know, and of course once I have the information, I will be happy to pass that on to the "Sharing" Part of the Group :)

My skype is shaw511.hf

DLuciferGrey - October 30, 2015, 9:21 am

Age:18

Known areas: To be honest not a lot but will learn more so can contribute more and also help out !

What can I add to the group:I ll try to help to the best I can !

Coding languages:C , Java but willing to learn more to help!

Skype:CyraAxon

Madam - October 31, 2015, 8:14 pm

Age: 23

Known areas: Coding, Infiltration, software vulnerability&exploit

What can I add to the group: I'll help out whenever it's necessary.

Coding languages: C++, Python ,Assembly

Skype: live:blackhand1112

SilverNET - November 1, 2015, 1:29 pm

Age: 17

Known areas: Programming, and always getting what I want from my RAT victim.
What can I add to the group: Something that might be missing out?
Coding languages: VB.NET, C#, small-time C++
Skype: silverspoonspeed

Delete this post please and thanks.

Yassuo - July 15, 2016, 4:52 pm

Age: 18

Known areas: Doxing

What can I add to the group: Knowledge and advance resource

Coding languages: non m9

Skype: Spoiler ([Click to View](#))k.i.t.h

Not him - July 15, 2016, 5:07 pm

(Jul 15, 2016 04:52 PM)kith Wrote: [\[CITE\]](#) Known areas: Doxing

Although I'm not interested in joining this group, I'm pretty sure this is a hacking and coding group (as stated in the title), not a skid group.

soko - July 16, 2016, 9:47 am

(Apr 30, 2015 09:21 AM)albino boogeyman Wrote: [\[CITE\]](#) Age: Seventeen

Known areas: Programming, small time cracking

What can I add to the group: I'll help out whenever it's necessary, as I'm very experienced with PHP and C# development.

Coding languages: PHP, C#

Skype: I'll send you my Skype via a private message.

C#

isn't really coding it, I'll do it all for you

The Grand Oracle - July 16, 2016, 9:12 pm

Age: 19
