Thread: [Scammed by StacksAMillionaire | UID=1862873| 250\\$](#)

Vaxxor - April 30, 2015, 2:47 pm

***I already opened a scam report 2 weeks ago, then stacks contacted me telling me he will give class which he never did, so im re opening it.

Hello,

On 9 Feb, monday, I purchased a live, 1 hour course with stacks.

Thread: <https://hackforums.net/showthread.php?tid=4517509>

user: <https://hackforums.net/member.php?action=profile&uid=1862873>

Stacks seemed very reliable person, with alot of vouches in his hands so i trusted him.

I added him to skype, asked a few questions and when i was interested in the course i paid him 250\$ through amazon gift card.

i also told him to PM me through HF stating that i paid for the course + writing when the course will be.

We scheduled for Wednesday 11 Feb at 19:00 my time.

Stacks didn't show up to skype and i waited for hours and hours and he didn't show up.

After couple of days he replied to every1 with this msg:

Quote:Sorry guys, been extremely busy lately and my computer was having some issues that I have now resolved; My computer was overheating and on any type of load was shutting down so I had to go get a good CPU cooler for it.. Now I got it and my PC is good and running smooth and cool with no issues.

I have been trying to get classes done, but the issue we have at hand right now is that I have so many people who purchased and scheduled around the same time that we have to figure out a list of #1, #2, #3, #4 people in line to get class and do a quality, unique, and epic class with each person.. If everyone can understand each-others position and that everyone deserves a great quality class then we can figure this out and get everyone there lesson in a timely manner.

For now I'm thinking I will PAUSE any further sales / schedules to take care of these current buyers, but then will open & recontinue to allow new customers soon after completely finish with the current buyers.. (I will not close the thread temporarily or anything, just let it be known in this message that for now till next week or so I can't take any more schedules or orders for the lessons as I need to complete classes with a bunch of people already)

which seems fair i guess, but after this occurred getting stacks to answer any of my msgs become nightmare.

a few days later stacks came with a new post with his thread stating

Quote:First people to post 1, 2, 3, 4, 5, etc. after this post will be ordered in that number for the classes.

So if you are person to first post, 1 after this you will be 1st to receive class next, if you are first to post 2, you will be 2nd to receive the class next, etc. So that we can have order and organization for who is supposed to be next!

I was the second to post so im the second to recive the class.

and that was on 23 Feb, today is 19 March and i still didn't get the class nor know if the first person

got his class(doesnt anwer my pms forsome reason) furthermore a lot of other ppl still didn't get their class and stacks still fails to answer.

proof of payment:

*after he got the payment he sent me a PM on HF: Quote:Payment received. - We are now officially scheduled for 12 PM / 19:00 GMT+2 on Wednesday!

skype msgs(only a glimpse):

[img]http://s9.postimg.org/qztvrjdkf/stacks.jpg[/img]

There is a limit of how much I can wait, you could think that something maybe happened but stacks is online on skype and HF and he just decides not to answer and not give us any updates, so i just decided to call it a scam.

UPDATE:1 May,15:

After stacks has made me wait for 2 month i asked for a refund, which he said he will maybe give and always "run" from the question.

Today i saw he got rep fucked and everything is out - Stacks is really a scammer.

so i lost my 250\$ but im allright with that, it wont kill me.

I have spoke with stacks a lot and im going to publish out chat convo for you guys to see my bad time with him.

Also, I would like to show you a little thing from our conversation that tells us about stacks:

Quote:[3/19/2015 3:31:39 PM] lidor saad: one time you actually answered and told me you'r going to eat dinner and we will talk when you get back, /

[3/19/2015 3:31:52 PM] lidor saad: guess what, I waited more than an hour and you didn't get back to me.

[3/19/2015 3:31:56 PM] Stacks: Ok so you want scammed and no class and earnings?

[3/19/2015 3:32:09 PM] lidor saad: that's your call

[3/19/2015 3:32:26 PM] lidor saad: just look on your past msgs to me

[3/19/2015 3:32:37 PM] Stacks: You're the one who opened thread and are calling me scammer

[3/19/2015 3:32:38 PM] lidor saad: does that look like good relation with a customer?

[3/19/2015 3:32:43 PM] lidor saad: answer

[3/19/2015 3:32:57 PM] Stacks: I have many happy people

[3/19/2015 3:33:07 PM] Stacks: Visualize

[3/19/2015 3:33:09 PM] Stacks: posted

[3/19/2015 3:33:13 PM] Stacks: like wtf are you guys talking about

[3/19/2015 3:33:16 PM] Stacks: I got my class and it was good

[3/19/2015 3:33:20 PM] Stacks: You guys are just talking shit

[3/19/2015 3:33:24 PM] Stacks: I give good classes

[3/19/2015 3:33:32 PM] Stacks: You are choosing for scam right now

[3/19/2015 3:33:35 PM] Stacks: I can give classes

[3/19/2015 3:33:40 PM] Stacks: But you are choosing scam

[3/19/2015 3:34:08 PM] lidor saad: of course you do, but still you don't give any updates for the customers, we actually need to chase you in order to get the class

[3/19/2015 3:34:13 PM] lidor saad: guess what it is not what I paid for

[3/19/2015 3:34:29 PM] lidor saad: I paid and we schedueled and you didn't show up more than a month

[3/19/2015 3:34:33 PM] lidor saad: with almost zero updates
[3/19/2015 3:34:40 PM] lidor saad: tell me im wrong
[3/19/2015 3:34:47 PM] Stacks: Ok man
[3/19/2015 3:34:49 PM] Stacks: Your choice
[3/19/2015 3:34:59 PM] lidor saad: you still don't admit your mistake?
[3/19/2015 3:35:00 PM] Stacks: You don't want to resolve this and do class
[3/19/2015 3:35:07 PM] Stacks: You just want to fight and keep saying I am scam
[3/19/2015 3:35:13 PM] Stacks: instead of fixing and doing the class
[3/19/2015 3:35:17 PM] Stacks: I don't really care
[3/19/2015 3:35:33 PM] Stacks: I make money from networks, HF doesn't really matter to me dude
[3/19/2015 3:35:40 PM] Stacks: You're not hurting me at all
[3/19/2015 3:35:45 PM] Stacks: So do you want to resolve this or what
[3/19/2015 3:35:54 PM] lidor saad: oh im up for taking the class
[3/19/2015 3:36:13 PM] lidor saad: but don't you think that your customer support really shitty right now
[3/19/2015 3:36:25 PM] Stacks: I agree I have been bad lately
[3/19/2015 3:36:27 PM] Stacks: I usually am good
[3/19/2015 3:36:32 PM] Stacks: ldk why lately
[3/19/2015 3:38:07 PM] Stacks: I could probably do your class today if you're around
[3/19/2015 3:38:13 PM] lidor saad: look man, I have nothing against yyou but look on my point of view, last month when I paid for the class I had a lot of times working on that cpa and that's why I purchased your class as you seemed reliable and smart guy.
but now times passes and I waited really long time and I signed up for study so I have less time now.
which put me in situation to make a move
[3/19/2015 3:38:22 PM] Stacks: Yeah
[3/19/2015 3:38:25 PM] Stacks: I understand
[3/19/2015 3:38:33 PM] Stacks: I have been very slow lately
[3/19/2015 3:38:41 PM] Stacks: I usually am so professional
[3/19/2015 3:38:48 PM] Stacks: I don't know wtf is wrong with me lately
[3/19/2015 3:38:58 PM] Stacks: Fucking addicted to GTA 5 and shit

Legit. Stacks is a known scammer/blackmailer. He's banned until july atm. and also got repfucked. GAGN also made a police report against him, PLEASE PM him a link to this thread! ?

To his defense: GTA 5 is a very valid excuse. You can clearly see that Stacks is one of the greatest marketers the world has ever seen.

If he wouldn't have blackmailed me, I would have sent him the 250\$. So I'm kinda lucky that he blackmailed me so I have at least not lost any money.....

Did he also blackmailed you? Because I found this on your rep:

Spoiler ([Click to View](#))

And the first time he changed my -3 to a +3 he wrote the exact same thing. And the rep above

Stacks looks like he gave you a -3 in first place too.

Cammy - April 30, 2015, 3:26 pm

Vouch for this report, it's legit.

The dumbass couldn't even give me the neg he was PMing me about. Good riddance.

Thanks for the reply.

I already sent a msg to GAGN telling him that if he needs any evidence just ask, and also sent him link to this thread.

You have good eyes sir!

He did not blackmail me. when i opened my first scam report against him he just -3 me stating that he has no idea why i opened scam report and that i never contacted him about that.

Also that day, he was contacting me(finally) through skype telling me hes willing now to give the class, and thats when he said that he is addicted to GTA...

GTA 5 is awesome, shame i have no money to pay for it :{

This guy is a genius.

If he really makes millions from PPD, then I will eat Rice. I know it's just his username and he is not really a bowl of rice but I don't care. I will eat him if Stacks is really making millions and if you can really make 500\$ per day guaranteed (that's what he said to me) after his lessons.

So you're the reason why he blackmailed and scammed everyone? Good job.

(Just kidding of course. He blackmailed since 2013, it's not him beeing that lately, he did it over years lol.)

johnsexy500 - April 30, 2015, 3:47 pm
