There are a few requirements you need to fulfill before we can do a deal.

- Must have been a member for over 6 months.

- Not even one mention of scam in your name (even a reputation what mentions scam). Must be Paypal Verified.

- Must own Paypal email. Must have done at least one exchange in the past (with proof).

- Must have decent rep and must be upgraded user.

If you don't meet all the requirements, don't contact me.

I can also use a middleman if you'd like, but we use a trusted one and you pay the fees.

I am not going first, no matter who you are.

Why should you trust me? I have done deals over \$10.000 on HF (check my threads and rep). And I did a deal a few days ago (check my rep + threads).

Not happening, did you even read the thread? It takes 3 seconds to chargeback a "Friends and family" payment.

Still need this exchange done, pm me if you are interested.
