Thread: [Strangest product ever sold on HF?](#)

**Gary** - May 3, 2015, 1:18 am

So after viewing the Marketplace for awhile i just got tired of seeing all the same booters/rats & java products and it made me think about when the marketplace use to have an large variety of products.

I'd like to know, What are some of the strangest products/items you've ever seen up for sale on the marketplace?

Could you explain a little bit about it since OP got rid of the original message?

**Cryptic™** - May 3, 2015, 8:01 am

I would have to say Dragon Dildo's.

There used to be a guy years ago in the market place who only sold Dildo's.

Ppl actually bought them.

He sold hundreds of them and Omni eventually shut him down and junked his thread cuz he pissed him off.

He sent Omni one as a gift or something.

**Comedic** - May 3, 2015, 8:43 am

Maybe put the used condom around a hotdog and put it in a bun and sell it?  
I could do that.  
Maybe put it on a corndog and mail it off?  
I'd do it.

**SIM-1676753** - May 3, 2015, 10:06 pm

Currently selling dick flavored condoms. It does not currently work if there isn't a male in the group.

**Miki** - May 4, 2015, 4:53 am

Back when I first join the forum, and looked at the marketplace, there was a guy selling a variety of cat pheromones and other animal related items, like elephant pee and all that stuff.

Funny enough, people actually bought the elephant related stuff for around 2000\$...

Basically what Gary stated. A cycle that never seems to stop.
