Thread: [Saturday's in depth 4 year feedback](#)

Tonight - May 5, 2015, 7:00 am

Sike.

More like the greatest story ever told.

4 years. 208 weeks. 1461 days. 35,064 minutes. 2,103,840 minutes. 126,230,400 seconds.

Without further adieu.

I don't know what the future holds for me but I've lately become quite disconnected with HF and its community.

I don't see myself here much longer but I feel no obligation to leave just yet.

Who knows.

Geno - May 5, 2015, 7:27 am

What's making you become disconnected specifically? Also nice picture haha.

G???????f????s? - May 5, 2015, 7:31 am

Noooo another HQ member leaving? It's a curse

Teh Afro - May 5, 2015, 7:32 am

Rhythm was such a good group. Groups were way simpler back then lol. Creative feedback thread. Was fun to follow it along.

Illuminati? - May 5, 2015, 7:35 am

Time shore flies by

Jinu - May 5, 2015, 7:43 am

I can still remember that I met you in the Rhythm and we had some chat too. I still remember you, but you forgot me.

EziNet - May 5, 2015, 7:44 am

Rhythm was owned and ran by Positive if I'm not mistaken right? I remember being in Techsperts, and then Techsperts turned into Rhythm I'm pretty sure.

Yes, you're right. The group owner was Positive. And Saturday is one of the members as well he might be a leader in that group.

Underd?g - May 5, 2015, 8:01 am

Awesome feedback thread, very unique.

Yellows and I were leaders of Rhythm up until P selling it.

You probably wouldn't remember me but I was in the tag scene too in 2011, I remember you were friends with Apock and some other people. Back then my name was Slade., I remember I had talked to you about tags or some shit a while ago. I remember Soulmate, Warrior, Apock, Jay Bear, Carbon (literally bought every tag and got it banned lol) and a lot of other people who were big on tags. Really cool feedback thread, much better than reading a wall of text.

Gustav. - May 5, 2015, 2:02 pm

Damn, really enjoyed the feedback mate. One of a kind!

Qwazz - May 5, 2015, 2:17 pm

Start at 2011 and follow the arrows.

(May 5, 2015 11:03 AM)xadamxk Wrote: [\[CITE\]](#) Since you gave feedback on HF, can I give feedback on you?

Spoiler [\(Click to View\)](#)

When I first got active on HF, I believe, was your prime time on HF. I always thought you were cool then because you had all these cool awards, reps, groups, and everyone knew you.

As time went on, I began to think you were a fuck because a year or two later is why you and your friends began trolling sessions.

Only in the past 6 months has my opinion changed again, and I now know why you trolled.

HF gets old and when your buddies die off, you have to do something to remember them.

RIP HF Buddies <3

Anywho, I liked the feedback.

Although it was short, atleast it wasn't a wall of text like mine.

Can't say I've ever seen something like it either xD

More so enjoying the community for what it is instead of trying to make it something it's not.
