

Forum:[Hack Forums](#)

Thread: [Have some extra budget - Describe a website you would love to visit](#)

B3A - May 6, 2015, 8:00 am

Can be a marketplace , a forum , a machine providing shit or anything related or not with hackforums.

Let me know

I like sharemyshit.com a lot. 10/10.

No, but for real, I think that forums are way too mainstream now.

we gotta find something new. like <http://thenicestplaceontheinter.net/> that idea was fucking brilliant.

Imaoed on the first one...

You're right. Thats a pretty damn smart website.

Anyone thinking of something clever?

Plus i would prefer it to be interactive
