Thread: [This user doesn't have a username, is this a client side error?](#)

Autocorrect - May 6, 2015, 5:30 pm

This user doesn't have a username on my screen, and no I'm not trolling or anything like that I can provide screenshots if it's a client side error.

Coton Pker - May 6, 2015, 5:31 pm

he's using special characters that your browser doesn't support.

Peanut Butter - May 6, 2015, 5:31 pm

He probably just used a bunch of zero-width spaces.

Shockley - May 6, 2015, 5:31 pm

Invisible characters, bro.
