Thread: [\[FREE\] Help for beginners - RAT Setup, Test Slaves, etc..](#)

Black Kappa - May 7, 2015, 3:30 am

Dear HF member,

Are you new into hacking ?
Are you struggling into getting a slave to test your stub ?
Maybe you need help to setup your RAT ?
Or your no-ip/ddns ?
I could also make your stub FUD,
Or help you with your router port forwarding

Feel free to add me on skype @ black.kappa AFTER YOU'VE POSTED HERE
I will try my best to help you if i can get your problem solved.
I can speak english and french.
