Thread: [Show Group Owner](#)

Omniscient - May 7, 2015, 8:02 pm

On the ShowGroups page you can now see the owner listed on the page. Felt that was needed. I will also be coding some special functions for owners to edit their own leaders.

Enjoy.

Not sure if its only for me, but when you click the owners name it doesnt bring you to there profile. It leaves out the uid

Juicy - May 7, 2015, 8:05 pm

Good addition, was always wanting to be able to see it. Especially helpful since when you are added to a group, you cannot see the leaders.

Premortal - May 7, 2015, 8:06 pm

Thank you very much. This has actually confused me quite a bit in the past.

Fixed that already.

Nice I actually wanted to see something like this, it's really helpful.

Little features like this come in handy a lot! Great work Omni!

Nice addition to the groups page. Sometimes the little things make the biggest difference.

Omniscient - May 7, 2015, 8:15 pm

Part of my criteria for creating new and sometimes seemingly small additions is to simply save myself some time. I figure this will save me time and in-turn will save members time too. Not always easy to tell who an official group owner is when most of them have multiple leaders.

Group owners definitely need more functions too.

3Chains - May 7, 2015, 8:20 pm

I like the feature, simple but helpful. Clears up and confusion someone might have on who owns the group.

Prince™ - May 7, 2015, 8:22 pm

Nice addition Omni. This will definitely save time for members.

I remember 1.5-2 years ago I asked you to remove Connected as a leader.

You told me I wasn't the owner. ?

Looking forward to more group features .

Group leaders too. There's a few I'd like to see added on. May write up some suggestions while you're focusing in this area.

Charlemagne - May 7, 2015, 8:31 pm

Will a list of group members be coming in the future?

Not likely for members. Any group member list will be for leaders and owner only.

Mr. WAVES - May 7, 2015, 8:41 pm

Not sure what changed, because I use an userscript for this page. But it's nice too see that you're working to make everything better.

VRUMM - May 7, 2015, 8:43 pm

I really want to be approved for owner LOL.

Noticed this change mid-way through you implementing it (had UID instead of names), nice update.

I really don't want you to have a million dollars

BooGod - May 7, 2015, 11:52 pm

That's amazing, I thought in that before. Much easier and I am sure there will be less issues to people do deals purchasing Leadership spots or Groups itself.

ZuGgY - May 9, 2015, 8:38 am

That's pretty cool.
Thank you for the update!

Vandie - May 9, 2015, 11:39 am

Omni, You come in to allot of free time lately as you seem to be adding a lot.
either way, this looks pretty cool.
Good job and thanks...

Arrow is the official owner recognized by Omni, other than that I don't know.

This is actually great, thanks a lot :)
