htmnilc - May 11, 2015, 5:07 am

You keep posting this as if it's an inside deal. It's a referrall sign up bonus that is available to all those who sign up, and a sign up bonus is included in most cases anyway. But away from that, SEOClerks as a site, offers more promotions and deals than just the Referrall Coupon you're 'sending' people. If you're going to offer help to people, atleast allow them to get the most out of their situation.. Which seeing as there are liv and active \$10 coupons, why don't you send them a link to those too?

I'm sorry, If you know me or have seen me on these forums then you'll know full well I am not looking to fight. But whether you feel you have an privileged in with the Admins or not. SEOClerks are only looking for referral sign ups from you. (And not even just you, there are hundreds of others offering the exact same deal to people who sign up with their links) In fact SEO Clerks have released a website news article covering the fact this "Power" is being given to any and all who apply:

<https://www.seoclerks.com/forum/threads/free-5-coupons-for-your-affiliates.10451/>

So the "Research" was done. You're simply taking advantage of HF users for your own benefit. Which, yes is done a lot on this site and that's okay. But when the site itself has Groupon and Coupon and voucher codes plastered all over the internet, offering better deals than your so called: "power" entitles you to. I feel it's not in the best interest of HF members to use your referral sign up bonus and I encourage them instead to look on Google and online for even better sign-up offers and deals.

HF is a community forum remember, not a "lone-wolfs get rich off the sheep-like ways of others" forum.
