Thread: [PhotoShop CS6 portable.](#)

ZerFallen - May 9, 2015, 4:13 pm

Does anyone know where I can find a free version of CS6? Or even a free portable version?

Thanks! ?

This isnt allowed and free portable versions come with risks of infections, if you can get a payed version legally or from a friend, you can use a program called cameyo to turn it into a portable program, doesnt always work but its great when it does.
