Hopeful Goods - May 10, 2015, 7:03 am

Basically, I just got home from one of the luckiest nights of my life.

A few of my buddies heard about another buddies birthday party being up at an old rock quarry. So, we said lets go! We brought are tents because we ussally camp here, but this night was different.

It was about 11pm, me and my girl got bored and decided to go back to my tent so I can get a beer and she can go hide and take a piss. We get down there and go into my tent. Shit gets real and sex is about to go down, but we hear a person and have to wait. Then we see lights and a lot of 4wheelers.

We immediately knew something wasn't right. After a few minutes I left to go scout the scene. I looked over to where the main fire was (about 300yd away) and all I see is vehicle lights surrounding the area where the fire was. I instantly knew what had happened. The party was a bust!

I got into my tent and hid. We hid for what felt like hours which turned into actually waiting a couple hours. We had a few people walk by, but I have no clue if it was police or friends. Every single noise was a threat to my existance. We ended up helping some 12yr old kid that lost his brother. Another guy that got tazed and was able to escape asked to lay down. He didn't move much and we were concerned for his health, but he assured us he was alright. After a while I had a refugee tent of people trying to hide. Every time we heard a quad driving over we would lay down and pretend to sleep. The cops never found our little spot in the woods away from the party. We ended up just going to bed and finishing the night.

That's basically how my night went HF. Got any good police raid stories?

bezbo - May 10, 2015, 7:57 am

I fail to see why you were threatened by the police. How did you brake the law exactly?

I am on an ACD and if I was caught they would find alcohol and weed.

This means my charges would be brought back up and I might go to jail.

So, yes, threat to my existence.

Well, Once I went into the Girls bathroom with my friend at a Movie theatre and the guards grabbed me and my friend and handcuffed us and were calling the police. Luckily, we begged them enough to let us go. Crazy shit went down that night.

Great fucking job. Letting a 12yo kid wander around in the forest by himself.

How does this story sound? You made a new ac to negate reps on your existing l33t ac.

Now that ac is closed. ?

You sound old as shit. How old are you? 20, 25 even 30 maybe? This is child forum, not a nursing home.
