So I have a Trinity Rgh 2.0 I want to turn it back in to a Trinity. but I do not have the stock nand. how will i do this exactly. and Can i change the KV on the stock nand before so my xbox wont be banned?

No point as you will just have a banned retail.

It would be easier to look for a cheap used xbox. Alternatively you could wait until black friday and get an xbox 360 brand new for \$100 with a controller and game. Assuming they do it again but they have for the past few years.
