Honestly I really like beslim but he isn't really doing much in Fortune (what I saw after 1 or 2 months of membership), only PositiveEnergy is leading the group, and that is the problem. He is a bad person, he scammed that guy for 200\$ hoping that he won't open a scam report. 4 days after that he replied to the scam report that he was busy irl days before, but he was able to keep his exchange thread running. This and many other points made me leave Fortune. I know a lot of you probably dont care, and it's nothing special to be in Fortune as they offered the Buy-In crap. I hope beslim rethinks his decision and gives the leader spot to someone else.

spradebassen - May 10, 2015, 7:49 am

I don't know why you're telling us this information?

Perfectionist - May 10, 2015, 7:49 am

Lol good thing you left that cancer group. I hope Beslim will "come back" to leading the group.

Charlemagne - May 10, 2015, 7:50 am

I don't understand why you needed to post this. We are all aware of this.

Keith Cozart - May 10, 2015, 7:51 am

Yeah I figured this out not because of belsim but of what I've seen from energy

Legion - May 10, 2015, 7:52 am

I was reading the scam report a few minutes ago then suddenly I got the error message that I couldn't view it. PositiveEnergy did post on the thread last - perhaps it is resolved now?

Not sure why he junked the thread... even if you get paid back you should leave the thread there - only edit the OP to contain "Resolved" so that any one in the future who deals with him will know that there is the chance that he will scam.

Repeat - May 10, 2015, 7:52 am

Thanks for making a thread about what everyone already knows.

The Banished Prince - May 10, 2015, 8:05 am

As many have said before, we've known.

IntelliJ - May 10, 2015, 8:31 am

Fortune's always been shit since PositiveEnergy existed. Guy's a scumbag.

Payne - May 10, 2015, 8:33 am

Nice job you got our attention.
Bye.

MrPip - May 10, 2015, 8:34 am

Are you guys into investing? Are you guys actually serious about "self-education"? Or is this just another group in attempt to grab money from the already saturated market?

KaptainN - May 10, 2015, 8:45 am

Fortune is the only group whose userbar actually makes you look like a lower quality member than without it. Not because the design is ugly, but because everyone recognizes the group as being horrible.

Turtle - May 10, 2015, 8:46 am

I think everyone already knows that

Wonder Woman - May 10, 2015, 9:17 am

I wish there was a group on HF that was actually HQ & not ran by jews who accept buy-ins from any tard 14 year old with his moms PayPal

Raz3r - May 10, 2015, 9:51 am

It's because Positive doesn't have a fucking clue what he's doing.

wellager - May 10, 2015, 9:55 am

No; you left Fortune because you were afraid of other members making fun of you for being in a shitty group

blocknode - May 10, 2015, 9:56 am

The scam report is semi-fixed he paid me around \$100 he told me he will pay more later.

zSerty - May 10, 2015, 9:56 am

Thanks Captain Obvious. And maybe PE is the one running it because he's apparently buying it.

The Dragon of the West - May 10, 2015, 3:43 pm

I made the decision to leave as well a few days ago...I think the userbar is all the group has to offer ATM, because it is not active. And even the userbar looks like shit.

haydrazs - May 10, 2015, 3:49 pm

Lol i left after being accused of ddosing some random nerd in the skype chat group

Greatest - May 10, 2015, 3:53 pm

Beslim can suck a fat one astonish v2 monkey.

ZerFallen - May 10, 2015, 4:31 pm

Foundatons - May 10, 2015, 4:32 pm

cyberducky - May 10, 2015, 4:34 pm

I am curious about fortune.

Gary - May 10, 2015, 4:38 pm

Why does it matter to us if you left or not lol?

The subforum is dead asf. Only three people post in it rarely.

Roger Waters - May 10, 2015, 4:38 pm

I never would have guessed this... thanks for bringing awareness to this for everyone to see.

Justin Timberlake - May 10, 2015, 4:43 pm

Thank you for bringing this to everyone's attention, I'm glad you could help.

prada ? - May 10, 2015, 4:50 pm

PE leads it because he bought it. And tbh, beslim isn't a good leader either so not sure why you would want that

Thank you for letting us now. There's only 2 groups that looks serious to me on HF (doesn't include ub3r,etc)

EziNet - May 10, 2015, 9:23 pm

I like ub3r group, worth every penny i spent. ?

Sir - May 11, 2015, 8:38 am

If PositiveEnergy is so busy then why is he chatting in the Fortune/Vibe group chat all day everyday lol

All the hate on this thread towards the original poster is unjustified. You guys are all fucking assholes. He's just making a thread about a group and giving feedback on his experience.

Most of you dumb asses start mocking him, probably because he's not Ub3r.

What cowards.

Juicy - May 12, 2015, 8:41 pm

For the past month the group has had about 10 total posts due to the switch over, which might have contributed to the bad experience.
