Just something I designed recently, anyone care to leave me some criticism?

I like the overall look of the design, the only part that bugs me is the text size in the "Our Solutions" section, the smaller text seem to lose their quality, maybe make them a bit bigger?

Too much emphasis on the social media/contact, not enough emphasis on your company/service. Also, terrible lack of hierarchy. Nothing stands out.

I can't see anything wrong with it! It looks really nice :)

The hierarchy, more specifically the type of this is your main problem

Those buttons are really bothering me in the header too

Exactly what I was looking to hear.

Big thanks to you, Prada, and Blood Moon Kalista.

Thanks for pointing those out, expect to see a ninth version sooner or later.
