Thread: [Just Finished Zetsuen no Tempest](#)

It was good and entertaining, I already had predicted some stuff but that's probably just me since I always like to think about the most improbable stuff and this time it was right.

It had a few plot holes, nothing major but yea.

Only thing I really dislike is

Spoiler ([Click to View](#))No decent closure in the end Yoshino x Hakaza.

Felt like I was watching after a while only to see if it would lead somewhere but nope.....

7.5/10 could easily have been 9/10

Hmm, I'll look into it. Your tastes seem to be similar to mine.

No romance/10

I don't see a point in anime unless it has romance. But then again HS DxD is in my top 5 so what do I know.

Hmmm, if i remember correctly, that was the one with the demi-god? Loved that anime, kind of slow, but the ending fight made up for it. Although, lacked romance, but great character development. Idk, i think i rated it 8/10 or 9/10 on MAL ?

It was a good show, I gave it a 9/10 for the witty dialouge and diverse and thought out characters.

Nine - May 13, 2015, 10:06 pm

I gave it 10/10. I thought it was amazing. Magic was too good.

Not sure if you could call it demi gods but yea.

It did have good character deveopment but the lack of romance although it hyped that romance since the first few episodes kinda ruined it to me, would love it a lot more even if I just got a little bit of closure.

Aika was also a nice character but they made her seem far too "perfect" she literally Spoiler ([Click to View](#)) knew everything, was smart enough to find why Hakaze went to the past and that she had to kill herself and knew exactly how the 2 would feel despite her killing herself.

Seriously, I just wanted some romance ;_;

I agree with Nine, wonderful show

Lacking romance isn't enough for me to say this show wasn't amazing

Oh don't get me wrong, I loved each characters personality, the diversity in their personalities, their reasonings for the actions, the plot itself, the magic, the action, everything was amazing no doubt about it, I just felt like Aika was a bit too perfect (although I loved her personality and design 10/10 for both) and the lack of romance in the end which could be used for closure.
