Thread: [Temporary Account Deletion](#)

Support Operator_TEMP - May 14, 2015, 9:17 am

Hello.

I've got in touch with Justin Timberlake about my order, and my temporary account is no longer needed (afaik).

Please could an admin delete it now?

// I self-reported my thread to get an admin here.

Thanks!

Just so you know why I'm posting it here... I cannot use the PM system yet.

Reason for ban: I misread the features of ub3r, Omni repfucked me and offered me a refund in exchange for a ban.

Didn't you create an account earlier and got banned on it as well?

Or, it was this account, you created a thread about this & the thread was junked. I'm not sure. Skorp replied on to your thread as "OP you do know you can't ban evade, right?" if I remember rightly. It wasn't many hours ago when this happened.

Why do people always create second accounts, it just gets you into more trouble. You need to send Factor8 an email here: <https://hackforums.net/contact.php>

Yeah, but I wasn't willing to miss out on \$15 of my super low salary.

Anyway, I may be shot in the head now!

He wanted to finish a deal he was making. During the deal he got banned so he could not complete it.

Besides that, Contact goes to Factor8.

I did that. I guess you missed my last thread, but that was my first move. I waited over a day for a reply.

Just wait for the ban to be lifted on your main account. You are not supposed to be creating another account to continue the deal just because your main got banned while doing it.

Wait it out.

Read my OP.

And the ban is permanent.

Besides that, Contact goes to Factor8. Sorry my bad, I thought contact went to Omni. But it makes more sense that it would go to Factor8. Thanks for clearing this up :)

In that case, it's sorry to say but you are not welcome here then. You're not going to be allowed to visit on a second account.
