Thread: [\(\\$5\) Bypass Steam Trade bans | No more 7 day bans | Cheap and Legit](#)

SupremeBot - May 16, 2015, 10:02 am

Thread design coming soon.

Autobuy: <https://payivy.com/v/Steam%20Bypass%20Trade%20Ban>

TOS:

No leaking/spreading method

No sale trashing

I can change the TOS whenever I want

Wehrmacht - May 16, 2015, 10:29 am

I don't think this is even possible, can you provide any evidence?

SupremeBot - May 16, 2015, 10:30 am

I will offer a full refund if it doesn't work (works 100%), how about that?

FreeAnneFrank - May 16, 2015, 10:30 am

Vouch for Ziyad his method is badass and actually working. Don't hesitate buying this, if you are annoyed of the waiting time.

Biggest vouch <3

Does this involve contact with steam support at all? Steam support is like waiting for a rock to reply to your tickets.

Nope, no steam support involved at all, it's instant.

supreme00. - May 16, 2015, 11:48 am

is it the 7 day ban you get from logging in from a new device?

Yes, the 7 day ban from a new device or you reinstalled steam.

\$tew - May 16, 2015, 12:25 pm

What about the trade ban regarding the enabling of the steam guard?

That cannot be removed, since it's not a trade ban.

So far 1 sale on ebook, would be nice if the person can leave a review

pslave - May 16, 2015, 1:08 pm

I bought, but wont be able to test it til tomorrow. I'll post an update then. Sorry.

BOL with sales

Idk what you mean but it bypasses 7 day ban.

TheJ?Ker - May 16, 2015, 2:58 pm

I am sure it is about the SSFN files and the config , if this is true this method is public and free.

You are misunderstanding this.

PirateSec - May 16, 2015, 6:28 pm

this is an very easy method. Just search it up online...
