JuicyProgramming - May 16, 2015, 2:17 pm

Hello,

Got scammed again. So this will be the end of going first for me.

URL= <https://hackforums.net/member.php?action=profile&uid=1097009>

Anyway here is the proof:

Proof he wanted to buy from me:

Proof I traded.

Chat logs:

Proof it is actually him:

I hope this is clear proof.

Let me know if more is needed!

Enjoy your day...

Can someone rep him for me?

Quote:You have already given as many reputation ratings as you are allowed to for today.

SprayPaint - May 16, 2015, 2:21 pm

Don't ask for rep, or other people to rep him for starters.

And this looks like a legit report. I highly doubt you'll get your money back though, considering the fact that he said he quit hackforums.

Doni - May 16, 2015, 2:22 pm

This scam report looks legit. Sorry for your loss mate, i hope admins will check this and do their work.

Putative - May 16, 2015, 2:23 pm

This guy has the best reason to scam. Seriously though, hope this gets resolved even though it doesn't seem like he'll be back. Good luck man.

I had his shit, yes correct.

Now I've turned his \$100 skin into \$600 right down my pocket.

It doesn't matter how much it is, it's the fact that you stole it from another member; it's immoral. You're an idiot for thinking it will help you in any way, it'll only build until you find yourself becoming a worse person; someone nobody would like to know. You're a spastic and I hope you're treated with

the same way you treated OP. Good luck with your future.

Kinguin - May 23, 2015, 1:15 pm

When you've already made his 100\$ into 600\$, why can't you just give him back his 100\$, then you've still got 500\$ left.

I think that this will make both of them happy.

Sincerely,
Egonolsen
