Thread: [Free RDPs aka VPS \(windows\) - \[Admin Access\]](#)

MafiaServ - May 17, 2015, 3:06 am

Hello fellow leetxors,

The story is, Oh wait! Let me cut the crap and make it short.

I am giving away RDPs aka VPS (windows) for FREE. If someone is interested, post on this very thread. I will randomly choose 3-7 members "daily", means I will be giving away 3-7 RDPs everyday (with ADMIN access).

I will give my best to keep this thread alive, but If you find me inactive, don't be disappointed. I'll get back here sooner or later.

So, what are you waiting for? Let's start this. Go Goo Gooo..

P.S: RDPs could be taken back within minutes/hours/days/weeks/months. But don't worry If you lose one, just hit me up and I "might" give you another.

Here are some randomly taken screenshots:

Thanks for appreciation mate, and we cannot actually use "aka" in between VPS and RDPs, both are completely different terms. Technically saying, they actually are Windows VPS(s) with RDP access. But yeah, I made it easier for everybody to understand what actually I'm giving away. ?

I am up and ready to give away today's quota of Free RDPs.

Use them wisely guys. Try to avail every single minute you have got on these RDPs, by making less noise.

Best Regards. ?

Bad News: My MAIN Server has been shut down. ? I am trying to recover it back though.

Morning Guys.

As I stated yesterday, my MAIN Server has been shut down (Host Problem). It's difficult for me to continue this giveaway without that Server of mine. I have got some backup servers, but they are not good enough to help me continue this giveaway.

I have been so much satisfied by contributing to the HF community. It was a great experience, have received so much of appreciation from you guys. I so wanted to continue this giveaway for at least a month more, but apparently circumstances are not in my favor.

It was a continuous giveaway for the last 36 days. 145+ RDPs, including replacements, (All Different Servers + All Admin Access + All High Specs) have been given away. I haven't been that regular even in my school. ?

I am trying to recover my MAIN Server back, or I might buy a new one from a different host. Till then, I have to close this giveaway.

Best Regards. ?
