Thread: [Scammed #DOPE uid=2210153 | MaskedCrypter | \\$7.50](#)

Hotline Bling - May 17, 2015, 10:50 am

Hello Everyone!

This fuck boi Dope thinks he can steal money and get away with it ah ah ah.

This shit is funny.

So 5 days ago I bought the crypter, thinking nothing of it, the OG thread said nothing of him being away (which is his awful excuse).

Anyways after all 5 days of having my license locked, I'm done.

Disputed on paypal, has time to reply to that, but not to unlock my license.

LMAO.

GTFO.

REFUND ME!

Wtf is wrong with you. You say you want to change and be more professional and you post this. You called him a sand n*****

But yeah dope should be helping his customers with a simple problem like a license unlock

If he locked your license then he probably have a reason of it. However he should state for what. Could you please post your conversation with him?

Just pisses me off. One of the best members on here used to say it all the time on tiny chat. Got me used to it.
