User made a thread regarding buy Old School gold.

<https://hackforums.net/showthread.php?tid=4824772>

I went first, as he has NO negative rep and a perfect trust scan...

Of course he goes on a scamming spree right when this happens.

Second time being scammed for 07 Gold.

He also just scammed another person.

After I gave him the gold, he said "Sent".

Never even gave him my PayPal Address.

~Para - May 17, 2015, 3:07 pm

Just happened to me for 40m.

Dude is probably gonna pull some "I was hacked so sorry ://///" bullshit.

No surprise, just another HF cunt.

Walt Disney™ - May 17, 2015, 3:08 pm

~Para make another thread for your dispute as well.

Pretty sad he had to do this.

Dr.Penguin - May 17, 2015, 3:09 pm

Legit scam report. Good luck getting your money back OP.

SprayPaint - May 17, 2015, 3:12 pm

Well then, after reading the response above me and OP reply I have come to the conclusion that this is a legit scam report.

@~Para I suggest creating a separate scam report to just help get the word out that he is scamming, so people will stop dealing with him.

Also, I would say that I would like to see his response to this before I jump to any conclusions, but the fact that he said sent and you didn't even give him your PP it's quite obvious that he is going on a scamming spree.

I'm going to make a community alert about this right now, I would hate to see another user get scammed by this member.

I would like to say that you will get your money but it's highly unlikely considering the fact he seems to be on a scamming spree, but don't completely eliminate the chance, he may start to feel bad and pay what he owes.

Walt Disney™ - May 17, 2015, 4:03 pm

I'm still wondering why he had to ruin that perfect rep.

He'll probably come back.

Gotta love little kids who think they're cool so they chargeback.

Silfy - May 17, 2015, 7:36 pm

Looks legit, sorry you got scammed OP.

If anyone needs information on this user, I can put something together for you.
Unless it's just a compromised account and not original user.
