Thread: [\[GOLD SELLERS ALERT\] Scammed \\$75 - PsychicType - ScamPal Chargeback uid=2641948](#)

????s??? - May 17, 2015, 7:01 pm

Hello.

Earlier today, my paypal balance was \$26.

Now look at it, -48 negative dollars?!

Bought 35m+ 07 RSGP from me.

Everything was fine until he charged back!

Be careful, he has probably done this numerous times before!

I just hope I get the stuff I ordered in the mail and this somehow works out.

FURTHER PROOF:

I had asked him to send me a PM on HF to verify this trade.

EVEN MORE PROOF:

Skype Conversation:

I don't think this is enough proof. You also posted this two times. This thread, and the same one in a different section.

What do you mean not enough proof?

I'll upload everything I have.. it was for fucking RSGP you downie!

Slapyournet - May 17, 2015, 7:07 pm

I always record me trading them the RSGP and make them confirm it's them over HF pm. I do agree this guy is a scammer

Question... What does recording it do?
He can just say that's not his name or some other bullshit.
His RSN: Fear

It's pretty simple, they just pm me their RSN over HF pm and then I record the trade. If it's not the RSN from the pm, you don't trade them lol

We were talking over skype.
I was the more trusted member so he went first, I gave him the gold after he paid...

It's ironic you mention sythe.
I let some kid on my sythe account and he ended up scamming with it and getting it permanently banned. Was a legit OG veteran 2010 member too, just like my HF.?

Why the hell did you deal with someone with so many open scam reports?

Anyways, good luck with it.

It's pretty bad when you scam for less than a hundred freaking dollars. ?

+One - May 18, 2015, 8:21 am

I left him a reputation, charge-backs is the worst thing that can happen. PM me and I'll help you resolve it.

Super Gogeta - May 18, 2015, 8:26 am

Yeah PP needs to fix their shit, chargebacks are great sometimes because buyers aren't the only scammers but they really need to actually regulate virtual transactions and make a real decision on who is the deserving party instead of always just giving the money back to whoever paid. Anyways seems legit good luck OP

I have posted adequate proof. ?What the fuck. Adequate proof? You provided 2 fucking screenshots, go look at a real deal dispute and notice how many screenshots it has on it. You didn't provide proof of anything. And I have no relationship with the other user, you can PM him and ask him if you want. I just dislike seeing deal disputes and I want to see this get sorted out.

The only thing he has to do is link the paypal > psychic. Also the deal was 20m for \$50.

You could just post proof of the \$25 deal and it's linked.

If they did every time someone thinks they should, a lot more accounts would be banned and closed.

While I agree staff should get involved to some degree, I understand it's a lot of work and a lot of scam reports can be faked and then the other can be wrongly accused and have action taken against their account falsely.

Sorry for the loss OP.
