Thread: [2048 Bitcoin Game Bot](#)

The OG FurFag ? - May 18, 2015, 4:54 am

Hello HF, I am giving away a bot, its more of an extension for Opera browser. but anyways. You enable the bot on Opera once you've made an account [HERE](#) and press "1" on your keyboard (the top row, not the keypad) and allow the game to play its self. You'll be earning bitcoin in no time ? Pm me for the download

It's a scam site.

Don't waste your time.
