StageVPN is a virtual private network which puts security and privacy first. We provide a VPN with no logs and with multiple locations.

The Contest-

For every 15 people that enter and wear our signature for 2 FULL weeks, one out of the 10 will win. After that, after that person has been decided the 15 people that have entered cannot re-enter anymore, unless they wear the signature for another 2 FULL weeks and reposts on the thread.

Rules-

The signature must be worn for 2 FULL weeks.

Must post at least once on the thread, so we can keep track of the entries.

Don't complain if you don't win. You have the chance to keep re-entering.

Contest is open to all members of the forum.

This contest has started again if anyone would like to enter.

I would like to enter but I don't have enough posts to have a signature yet. Thanks for the contest though, and good luck to everyone else. I'll enter when I eventually get 50 posts if this contest is still running by then.
