Thread: [Getting a cam girl to make me a pack](#)

SSlueSkies - May 22, 2015, 2:07 pm

Hi, I can't find a perfect pack so i came up with this super original idea to get a cam girl from myfreecams to make me a pack ? I've made an account but you cant send pms or anything like that if you're a free member so i have a couple of questions.

Will it be worth it to buy that stupid premium membership so i can speak to those girls?
Do you think any of them will be willing to take like 20 verification pics and like 50 nude pics and maybe a video and not get suspicious ? If yes, for how much?
And can i get in trouble if I then use those pics and/or sell them on here?

I think its a bad idea. You dont really need it. There are guys that make bank without 20 verification pics so why do you need that many? You dont need. Focus on the lies you tell.

A lot of ppl ask me to make a peace sign etc. and those are the ones that pay big money.

I rarely ever get asked for verification pictures anymore.

I'm talking about like the "Hold 5 fingers" or "Write my name" pictures.

I had this like, three times yesterday.

Using the picture pack I had, had a couple verification pictures, but different names.

Could anyone link me some, or one, tutorial on how to do this?
