Celebrating becoming the new owner of ExoMiner, I will be giving away lifetime copies to the miner. Rules are simple. For every two pages of entries, I will add another license to the giveaway. Each license is worth \$40. After a new license is added, you are allowed to post again for a chance to win that license... doubling your chances.

How to join:

Set this as your signature:

Code [url=http://exominer.co][align=center][img]https://i.imgur.com/akk9rkK.gif[/img]][/align][url]

Which shows up as:

Make sure to update all your posts with the new signature.

After settings your signature please reply to the thread. Your signature must stay on for the full contest period AFTER you reply. No more entries allowed after Friday.

Good luck!
