Legit report, looks like he's on a little spree. I'd update your rep on him and add a link to this thread.

Edit: Name change and still no response. ?

Wow, that sucks. I did a \$150 Venmo transaction with him which supposedly went smooth (going to assume it wasn't his funds). Hope he turns out to be legitimate.

OP: I have Black Hippy's ID, which he sent to me before we dealt. PM me if you want it.
