Slavoj Žižek - May 26, 2015, 2:52 am

Close the thread pls tyyyyyy

_Raw - May 26, 2015, 5:19 am

why you protected the link of not working Crypter?

nathan72389 - May 26, 2015, 6:21 am

It's to stop silly script kiddies from downloading it, as most are too stupid to even google how to decode.

CorrM - May 26, 2015, 11:09 pm
It's great work but complit it ;)

G0d1k3 - June 4, 2015, 1:10 pm
i can provide FUD private RunPE and can help with source code if you are interested than contact me via PM :)

SIM-2263037 - June 4, 2015, 2:58 pm
I wished there were more comments in it i cant see what it does to messy ?

iLogic™ - June 4, 2015, 10:49 pm
Thanks for releasing this Crypter ? btw is ReFUD scanner working?

Edit the upper case letters to lower case letters -.-
Source looks good, great job

Spoiler [\(Click to View\)](#)Blezedd come on Skype i miss u

yeah, there is loads of room for improvement... I know what is what but i should have thought of commenting some places out :P

(Jun 4, 2015 10:49 PM)AcheP Wrote: [\[CITE\]](#) Thanks for releasing this Crypter ? btw is ReFUD scanner working?

Nah, but its pretty simple here is the API --> <http://refud.me/reFUDmeExample.rar>
