Thread: [\[\\$5 PayPal\] Creative Username Contest \[ALL-MEMBERS\]](#)

OnStar - May 28, 2015, 6:08 am

Hey everyone! I'm looking for a new username to switch over to, and I'm honestly terrible at it. So I figured I'd ask the community, and give back a little at the same time. Hopefully it'll be fun!

Below are any requirements, and my previous usernames to give you a general ballpark for what I've been interested in using in the past. You may want to send me a Private Message containing the username if you don't want to risk anyone else stealing it, and I'll ask for your PayPal information if/when you win. Best of luck!

Requirement: The username is not taken by a popular internet-celebrity, and doesn't have more than one/two hits on the [Steam Community](#) search.

Past Usernames: Sekacboon (Username Spelt Backwards), Gamershaze, Pages, Books, Kindle, Yawn, TradeChat, Skylocke.

(May 28, 2015 06:13 AM)Wendeez Wrote: [\[CITE\]](#) NarrativationSo far, this is the best I've seen yet. Don't quite like it enough to use it however, as it's an improper version of "narrativization" and that is far too long for a username.

This has made me realize, I'm looking for a username with some meaning behind it. It doesn't have to be mind-boggling deep, just have something behind it is all. E.g.: Not HaloxXxKiller360n0sc0ope4250xXx.

Thanks everyone who has participated thus far. Still looking, and don't have a specific date on ending this until I find something I can confidentially wear. Also, remember to check the one requirement before posting/sending me a PM; a surprising amount of people didn't.

This is the current winner, very creative. Ahem. However it is notable that there is a cult that goes by this name, as I found from a quick Google Search. Not going to bother linking with here, but just put that username and add .net to the end, and you'll see quite a show.

I'm still open for more entries, and will select the final winner once this thread starts to die off a bit more. Thanks everyone!
