Thread: [Method on how to get Free Skype Credit! \[UK Only?\]](#)

Karambitz - May 30, 2015, 2:27 pm

I have seen a advert on skype around 27mins ago when I clicked Home to on the top right, its below the search bar and it came up with Free £2.00 Skype Credit so I typed in my email and it sent me a email looking like this prntscrDOTcom/7b9kww I think this is for Virgin Media customers only as me and my friend tried this and we are both on virgin media but i'm not too sure yet. Hopefully this will work for everyone.

My internet is playing up for some reason, so I decided to end this thread short.
Please vouch for this as i'm very sure this can help somebody out.
