Thread: [I will make you your own custom Stresser | +Free Hosting | +Free Power | +Free Setup](#)

Syracusia - May 30, 2015, 11:40 pm

Attention: This is not the giveaway of a stresser this is the giveaway of a free coding service.

Hello everyone, I am now offering to create a stresser for you for free.

You could have your own stresser just like <http://orcahub.com>

You would simply have to pay me for the domain only and I would host it, set it up, and supply the power.

Please reply here or contact me on skype: xumia.ddos if interested.

L33T/UB3R only.
