Any of these got selfies ? for livepic verification. (or what are the pics listed as verification pics?)

**Fliiix** - June 9, 2015, 1:41 am

Yes all of them includes selfies as you can see on the previews. Packages listed with verification

pictures means they have pictures with the girl holding up a piece of paper or doing any kind of marks (blowing a kiss, doing v sign, etc)

If you wanna know more about any of the packages before you purchase, send me a PM.

HQ packs, I had no trouble making the money back and more on my first day ?

**UhOhDude** - July 6, 2015, 3:39 pm

Some of these are a bit expensive for pictures.

**Fliiix** - July 6, 2015, 4:11 pm

(Jul 6, 2015 03:39 PM)Deez Nutz Wrote: [\[CITE\]](#) Some of these are a bit expensive for pictures. I do not think the packages we sell are expensive, you get a premium picture pack with weekly updates, eWhore help and tips for that price, and you will most likely earn back the money within a hour. Some of our customers even tells us to set the price higher because of the good quality of our products. If you think they are too expensive for you then you can find a cheaper vendor you can buy from instead.

Best of luck ?

Why even waste money on a pack in the first place?

I've always sued a free one I found and a couple vids I found online and edited down and on a bad day I make \$200 at least.

Never saw the need

Very Good Pack :D.... Good Work Man

**dopepizza** - July 24, 2015, 12:25 pm

I wanna say to everyone here, that this ewhore pack is worth it, i have bought like two, and they are unsaturated and i can't find the girl anywhere on the internet, i have tried reverse image searching it, but i can't find it anywhere, which is awesome dude!

first with the free packs i only made \$10 to 20 a day for a straight 5 hour ewhoring session. wanna know why? because a lot of people had already seen the ewhore packs and they almost only contain 100 pics and no matching pics or video content.

With the packs from fliiix i bought i have probably earned around \$3000, and i only ewhored for a hour every day, for two months to earn so much cash, the trick is that every girl is the same, and they have pics where they do a peace sign or middle finger, or holding a paper, as result that they will instantly believe you!

By unsaturated ewhore packs, 75% of the people will have seen that girl before, plus, Fliiix ewhore packs, the girls in his packs are like hot as fuck, which means that people will buy more of you!

I just got back into the game and rocked an ewhore pack from Fliiix, Evelina, and i made \$60 in two hours of ewhoring, that is a lot, next day from three hours of ewhoring i made \$120! holy shit, that never happened to me with free ewhore packs!

Fliiix ewhore packs has matching pictures and video content, you might pay \$50 sometimes, but because it is \$50, not many people have it, and that means it is unsaturated!

Thanks for the amazing ewhore packs Fliiix , i have made so much cash with it, i can almost make a stable income with this!

greet from TheMostDopePizza and again, thanks for the amazing ewhore packs!

No we do not sell VCW's. It's much easier to both sell and gain traffic using Kik/Snapchat methods and that's the reason why people prefer eWhore with picture/video bundles. imo you can earn the same amount of money with both depending on how good you are at eWhoring or human manipulation BUT as i said, it's much easier with Kik/Snapchat.

Stripe works perfectly, it looks like your card was declined. Declines can happen for a variety of reasons. When Stripe submit a charge to our customer's bank, they have automated systems that determine whether or not to accept the charge. These systems take various signals into account, such as our customer's spending habits, account balance, and card information like the expiration date and CVC.

fliix, i purchased a pack from you earlier this year and i have made 3k with that pack alone.. now i am back for another

I am looking to buy one of the \$49.99 packs but i have a few inquiries.

Alicia Pack : What kind of videos does it come with? Can you send me a preview where she doesn't have make up on? I dont want customers not buying because she seems too hot.

Stella Pack : What kind of videos does it come with? Can you send me a preview where she doesn't have make up on? I dont want customers not buying because she seems too hot.

Eliza Pack: What kind of videos does it come with? I saw that the preview pictures were pretty blurry. Are all the pics like that? Because i have had customer complain about blurry pics before. I rather not try to sell people blurry pics..

you can respond to me in PM.. thnx :)

**PHAK3** - September 15, 2015, 6:30 pm

Alright, felt like I had to write a review since I've been using Fliiix's packs for an eternity now lol!

I have the following packs:Alicia

Stella

Brooklyn

When I began eWhoring I usually struggled with customers asking for weird poses, I've been working as a webdesigner for 6 years so fortunately I always managed to find my way around those requests but it was very time consuming.

I bought a pack for \$49,99 and I literally made the money back within 3 hours of receiving it. See, when you have over 1,000 pictures of the same girl, convincing someone that you're not a bot isn't hard anymore, it kind of allowed me to slack on the whole social engineering part. But that's not all, now I could squeeze every penny out of my customers, I barely even bothered double dipping anymore as I already made so much money by just selling people pics on pics.

Later on, I contacted Fliiix and asked him whether he had any pack that had a girl holding up paper (for verification purposes) and later that day I bought the Brooklyn pack. Once again, it didn't take me more than a few hours to make my money back and from there on its just plain profit!

I even made a youtube tutorial on how to write someones name on a note, using the Brooklyn pack.

<https://www.youtube.com/watch?v=0zOCiUn9hZU>

I've recently purchased my third pack as well and I'm not disappointed!

I would honestly recommend EVERYONE to try one of Fliiix's packs, not having to be scared of saturation, having thousands of pictures and videos, as well as verification photos, makes your life as an eWhore so much easier!

Overall: 10/10 (!!!) ?

This is so far, the best investment I've made in my life LOL!

**Coandra** - September 16, 2015, 6:35 am

Highly recommend, very prompt and user-friendly guy and premium pack! Bought Kelly an I am more then happy! Thank you!? plus a free e-book!

**SIM-2866204** - October 1, 2015, 3:12 pm

I have bought the alica pack and this is my honest review:

QUALITY

5/10

Too many clothed pics, tons of different hair and nails.

ORGANIZATION

1/10

Disorganized, no folders, (except like 2, which each have like 4 things in em)

WORTH

4/10

EBOOK

Ebook was just information easily obtainable from googling... then again it was free. (Not worth \$20)

I really hope I will make my money back from those but I have my doubts. This is worth 20\$ imo.

DISCLAIMER: I AM NOT SALES TRASHING, NOR AM I ADVISING ANYONE TO NOT BUY THIS PACK. I AM GIVING MY HONEST OPINION

## EBOOK

Ebook was just information easily obtainable from googling... then again it was free. (Not worth \$20)

I really hope I will make my money back from those but I have my doubts. This is worth 20\$ imo.

DISCLAIMER: I AM NOT SALES TRASHING, NOR AM I ADVISING ANYONE TO NOT BUY THIS PACK. I AM GIVING MY HONEST OPINION

Hey,

I'm sorry that you're not satisfied with my service, when I create my packs I ask the girls to give me a wide variety of pictures in order to have a selection to chose from when "customers" have different requests, therefore you may experience a lot of clothed pictures and/or pictures consisting of non-nude material, although I always make sure there's enough nude pictures to sell a sustainable amount.

I've never had anyone complaining or leaving remarks on the organization of pictures, therefore I haven't put much thought to it previously, I will most definately look into this in the future when creating packs! :)

The E-Book as you said isn't anything I use as advertisement or sell, it's simply something I choose to give to everyone who purchases my services as a little bonus and it has received great reviews from others so perhaps it's a bit to basic for you.

Also, you're pretty much guaranteed to make your money back as the pictures definately wont be to your disadvantage when eWhoring.

Thanks a lot however, for the feedback, I'd love to speak to you on Skype to sort whatever issues you may experience with my pack.

Hey Fliiix. I am definitely interested in buying one of your packs. Do you accept PayPal? Also, I would also like to add that I only E-Whore on my iPod Touch. I would need the pack in an Archive file so that it would be able to be stored on my device. I use an app to extract RAR or ZIP archives but it doesn't extract them if they have a password. How do you deliver your packs?

Thanks in advanced,

Thank you! Her videos are recorded with her cellphone so the quality should be fine. Unfortunately Hailey is one of the pack without any paper verification, but she does have blowing kiss which is one of the most requested signs. I'm glad that you are satisfied with the pack.

sellnow.io is up and running so it should work fine if you have BTC/ETH or Perfect Money, if you are not able to use any of those payment methods then you can use Skrill, Payoneer or AGC but then that's something we can discuss in PM.

I already told you what kind of verification pictures she has.

If you have any further questions then please send me a PM or contact me on Skype ?

Max amount of sales per pack is 35 once we reach that then we stop selling the packs or releasing a big update. You don't have to worry about that, all pictures should also not appear on image-reverse as long YOU and other customer doesn't upload them on such sites.

The earnings is much better with a quality pack as the ones I provide here. Her images can't be found on image reverse which is a big plus these day now when many people check your images if they are copied from internet or not, you also have a couple of verification images which is very useful if your client wants you to do any signs or prove yourself real, you also have a lot of images so you can keep having your old clients buying new images/videos from you. At this moment Chloe is the newest pack with less then 3 copies sold so the chance of anyone recognize her is very low.

If you have enough money to invest in a better pack then i'd say do it, but if you do not have enough money then you should use a free one until you earned some bucks for a premium pack.

I can vouch that Fliiix sells quality packs. I bought Alicia at the beginning of the year and it's a great pack. However, I have tried to contact Fliiix about the latest update on Alicia and he continually ignores my messages. He told me he had a huge update planned back in April (and it's my fault for not following up on that until now) but he ignored two messages I sent within the past week (verified as Read through the message tracker here) inquiring about the update.

Fliiix if you see this, I'd love for you to reach out to me.

First off if everyone you're encountering is saying the same thing then its obvious the issue isn't with the product but the sites you're spreading on, Most-likely you're using Teen-Chat/Chat-Avenue/Kikfinder or an saturated source which is being used by almost everyone within this section.

Lastly if you were experiencing any issues you could've brought it to my attention instead of trashing our products when its quite clear that the issue here is with your lack of unsaturated sources. You don't go to a store and buy a wrench and then return it because you don't know how to use it; how is that the stores fault?

UPDATE:

- Updates on Alicia, Abby and Terri have been released.

**The Dark Side Of Me** - December 6, 2016, 2:37 pm

Alicia makes me from \$250 up to \$500 profit daily.

I have invested it all in Cryptos and made it big !

BIG VOUCH FOR FLIIIX /// BUY NOW & MAKE \$\$\$ !

None of my current customers know "Alicia", but some of the previous ones has known the real name, but I have turned them to pay or at least persuaded them not to tell anybody that I am fake.

"Alicia" could make you even \$1000 in couple of hours if you work hard. I suggest you to start with one pack and once you have mastered it, you can buy another pack and use it together with "Alicia".

You don't need to wait weeks for any pack you purchase. I've been busy before therefore the long response time. But now I'm home and I'll answer all PM's asap. Thanks for understanding!

Emily Pack Review

Price : 5/5 ( 20\$ - Very affordable)

Quality : 4/5 - Some pictures are a little blurry, but it could be a benefit for realism.. The videos include some vocals occasionally that aren't in English, So be wary.

Format : 3/5 - Some photos need adjustment to be used in snapchat, However that's only a personal setback, not an issue.

Customer Support : 5/5 - Quick reply and delivery. Worry free process from start to finish.

**skullkid94** - May 2, 2019, 12:32 am

How much content is expected to be added to Scarlett? I'm curious about the price difference since her package has less content than others.

There will be much more updates with different sets of clothing & videos so our customer who purchased the pack has plenty of options to choose depending on what your client prefer.

The price different is mostly because I don't want Scarlett pack to get saturated & you will be able to request custom made videos such as "Hello my name is "Skullkid94" and I'm 100% real".

Scarlett pack is our best pack with a very high quality for both Snapchat & Kik and the only pack with a custom verification service.

I will also be working on a VCW for Scarlett pack that will get added.

Scarlett pack includes both clothed, tease and nude pictures, everything that you need to prove yourself real & make your "client" satisfied.

If there is anything missing in the pack than you can make an request and i'll do my best to make an update that includes your requests.

With Scarlett pack nothing is impossible ?

I'm new so I don't know how much time this work takes. Do you have an estimated time frame in which you are expecting updates? And would you be willing to help a noob set up the VCW? (Yes I've searched for info on that, and it still fails every time.)

I'm releasing updates each week,

Today or tomorrow there is an update on Scarlett with a new set and a fresh new longer video of her playing that you can sell to your clients.

Yes I do offer my customers help with whatever they need help with as long it's not too time-consuming.

You do not have a contract with me so what's the deal?

Updates were released weekly on Scarlett pack until the pack had enough content,  
now we release monthly on all packs. If anyone needs more content than that then you are all free to purchase private made content directly from the model.

The thread states weekly for the package with 700 pics and monthly for the package with 200 pics,  
maybe you should edit if that's the case.

We do have a contract but we had to do the payment manually via bitcoin, as you weren't accepting paypal at that moment.
