Troija - June 6, 2015, 10:54 am

OPEN FOR ANY QUESTIONS!! ?

SoCloseToToast - June 6, 2015, 10:56 am

Alright so I got his previous book known as Steam Stealer and it was a pretty nice ebook which this one is also HQ like his previous. His methods are quite unique which you may or may not know and

he does provide HQ support. I vouch for his products and many thanks for him.

Trojja - June 6, 2015, 10:58 am

Sent you PM.

?

Guys, if you have any questions feel free to PM me or ask here! ?

Katie Stevens - June 6, 2015, 11:43 am

Originality. 10/10 Wow! What can i say?! I already have his other ebook and this is also HQ!!.

Ease of use. 8/10 No effort required! Simple and easy!!.

Grammar. 09/10 Some small mistakes! No issues

Overall. 09/10 Awesome!!.

My review of TroijaSpreading

I can confirm I am not affiliated with the ebook author in any way.

Quality of the ebook: 10/10
Good looking and high quality ebook. Looks well made.

Design/Layout: 10/10
Clean and nice design. Includes a few screenshots.

Grammar used in this ebook: 10/10
Great grammar. Some few wrong spells, but you will understand it, so that ain't a big issue at all.

Originality: 10/10
Unsaturated and unique methods. Well, the first method is a common way, but you don't have to use it. The other methods is unsaturated.

Ease of Use: 10/10
Noob friendly. It is well explained and it also includes some screenshots. Everyone can do this. Just follow it.

Overall score: 10/10
Really good method with huge potential. Just give it a shot. Impossible to fail with this ebook because it has many methods to choose from!

Thanks for very nice review!! ?

XuidDump - June 6, 2015, 12:12 pm

OVERALL SCORE: 8.25/10

QUALITY: 8.5/10

This E-book contains never before seen methods, that are guaranteed to bring in HQ slaves.

You don't have to put in much effort to some methods, for big results.

If you're looking for an E-book that contains unique, new, and original methods, consider this one.

In this E-book methods are explained well, however could be explained a bit better.

Screenshots, and even links/references were provided to make your experience better.

GRAMMAR: 7/10

Grammar in this E-book is one of the only flaws that I could spot.

Honestly, it wasn't the best, however the E-book author's primary language is NOT English.

Despite grammar not being it's greatest, this did not interfere with my understanding of the methods provided.

The reason the rating is 7 for the grammar; is because like stated previously, the author's primary language is not English.

Also, if you buy this E-book I doubt grammar will affect your experience at all.

EASE OF USE: 9.5/10

Most of the methods provided are extremely easy to set-up, require no investment or skill at all.

Some of the methods will require basic communication skills.

The author provides an example of a successful conversation which should leave the buyer of the E-book satisfied with the method.

Most methods also contained pictures, so you should not have any problems with the methods.

DESIGN / LAYOUT: 8/10

The design didn't blow me away, but the E-book was organized well.

You can expect to see the methods organized in no specific order, however the design won't interfere with your understanding of the methods.

E-Book: TroijaSpreading

Author: [Troija](#)

Reviewed by: [Aquri](#)

I would like to thank Troija for letting me review this E-book, I enjoyed reading and learning from it.

I actively use Remote Access Tools, and I know my fair share of spreading.

This E-book was really interesting to read, and I really do suggest buying it if you're looking for slaves.

100/100 - June 6, 2015, 12:13 pm

Vouch, good and detailed e-book.
