I love my country but I hate what the government over the years has done to it.

Great video. Most people are blind to the truth though and are only interested in celebrities and iPhones.

Bumping this thread. We need this stickied really. I'm tired of the corruption. It truly is time to stand against them.

I am a soldier but at the same time I will always fight for peace rather than what I am told. If that sends me to prison then so be it.

Gotta start somewhere

Why are you trying to bypass the character limit?

I, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic.

Soldiers who truly understood and stand by the creed of the US Army will know what to do, when to do it.

neightworks - June 26, 2015, 6:34 pm

If anything thing happens there will be an immediate military take over and you will get even less privacy and freedom. The idea of this is even more sickening than the cause, this would jeopardize hundreds of thousands of lives, people would treat it like the purge.

Assuming this is about a revolution, not watching the video

r3tsquad - June 26, 2015, 6:48 pm

I could not see a force that can overthrow the government without a mass anarchy taking place.

leprinc3 - June 26, 2015, 8:16 pm

This is so cute. Peasants are trying to stand up once again.

It's pretty crazy what is happening all over the world but particularly in the USA.

darknessblade - July 6, 2015, 12:01 am

In court you can use obama's words against him:

YES WE CAN

(put some illigal stuff behind those 3 words and you're free from court)
(this is the easy way ti misinterpretend that catchprace)
