Update:

Neutral repped me instead of replying to this thread lol

Got scammed by this user the other day for 15 dollars.

Needed a facebook account closed, the account information or some post on the accounts deleted.

He gave me some unrelated database dump

"Database":

Account I needed closed:

<https://www.facebook.com/cristina.sowulewski>

It's not hard to see that the facebook account is located nowhere in the "database" which I never even asked for in the first place.

Now it's not about the money, it's only 15 dollars. Just letting the users of HF know that this user is NOT safe to do deals with and should be avoided.
