Thread: [I've repped HackForums in the dopest way possible!!](#)

theRealShookon3 - June 9, 2015, 8:51 am

I mean, I think! I posted this in a different thread a while back but have just recently learned of this OP only section, and being that I ride for HackForums I figure hey.. why not brag about something as dope as I LOVE HACK FORUMS MORE THAN ANYONE. yeah. I said biiiiiitch. Last 30 seconds it happens. have a dope day my people!

HackForums was the first community that rode for me.. and I'll never forget that. My word.

EDIT/UPDATE

homies! This shit right here... this is the dopest shit on the universe, and hf.net is 100% responsible. THANK YOU FOR MAKIN THIS SHIT SO FUCKING DOPE!!

[Shook on3 - Tell Me What to Rap About \(The Next Level\)](#)

I wanna share this hear before i try to make it go viral. It's about time this shit takes off, anyone have any suggestions? I mean i know a reddit strat but that's about it..

THIS SHIT SO EEL!!!! ratah tah tahhhhhh

wanted to share this update as well, bc ya'll were up there with me whether you think so or not!

Homies!

First of all, I'd like to apologize for being MIA for what has felt like forever! We are in the process of moving setups for the stream and have been prepping for this show! I appreciate la familia de HackForums.'NET' more than any group of homies I've met through both music AND Halo.

Anyways, wanted to share a few pics and let everyone know we should be back online by the end of this week!

[img]<http://imageshack.com/a/img540/4980/MGLXYZ.jpg>[/img] Check the homie Tron goin BUCK BUCK BINK

[img]<http://imageshack.com/a/img673/3128/sLgrCJ.jpg>[/img]

*My roommate missed my set because he was getting that shook on3 tank made. He also helped me design the FEEM tank and shirts I made for my best friend Feemster who passed away last year. I made an acronym of his name because I promised his mom I wouldn't let him be forgotten and ended up starting a clothing line in his name : For Every Equal Man (FEEM)

I've already got 100 or so of the Feem shirts/tanks made and those shook on3 tanks he made will be comin soon as well!

[img]<http://imageshack.com/a/img661/1493/rooWof.jpg>[/img]

Had about 7-8k ppl there while on stage, and another 8-10k ppl still in line that could hear our set as well. Literally met the lil homie Gabe (in the middle) the morning of our performance, and within 5 minutes he just starts freestyling to me and Tron.. like out of nowhere! So we smoked 2 blunts and

freestyled all the way to the show.... then when i bought glitter to throw out on the crowd I told him 'This is your chance to troll every single person that's every looked down on you for something you have no control over' and i remember his eyes lighting up. I told him to just go as crazy as he wants and do whatever he wants.... somehow we ended up in perfect sync for this picture.... I remember during the set just turning left and seeing the lil homie just flex his dancing skills while standing on top on of the other speakers with me. haha. so dope. when he got off stage I had everyone give it up for him and remember saying 'Think of how big that dude's nutsack is.. seriously give it up for this dude. Most courage I've ever seen first hand in my life' and they went ham... Such a dope experience.

[img]<http://imageshack.com/a/img538/9765/QRZjqD.jpg>[/img]

*Playing Air Guitar during Tron's verse in 'Trendsetter', notice Gabe still doing his thing.. Dude was the highlight of my show for real.

[img]<http://imageshack.com/a/img540/8282/satZNn.jpg>[/img]

*I didnt want to post this full picture cuz Imma fkn chub, but it's by far the favorite picture of me and the only mid-glitter snap in all of my 29.57 yrs of existence (rough estimate).

Oh.. and real shit. YA'LL NEED TO NUT UP AND CHASE YOUR MF DREAMS. THIS SHIT IS SO EXHILARATING!

Sincerely,
Mod City.

I personally don't feel like I'm that great. Galvanized-Tron is the dopest freestyle rapper I've ever seen.... and it turns out that he's the closest homie I've got. I'm picking up strats from him, and I've just been practicing a lot.. famo. I'm telling you.... that whole 'your mind is only able to use 10% of itself... is a bunch of bullshit' Your mind can literally do about anything. Just force it. Teach it. Homies!

First of all, I'd like to apologize for being MIA for what has felt like forever! We are in the process of

moving setups for the stream and have been prepping for this show! I appreciate la familia de HackForums.'NET' more than any group of homies I've met through both music AND Halo.

Anyways, wanted to share a few pics and let everyone know we should be back online by the end of this week!

[img]<http://imageshack.com/a/img540/4980/MGLXYZ.jpg>[/img] Check the homie Tron goin BUCK BUCK BINK

[img]<http://imageshack.com/a/img673/3128/sLgrCJ.jpg>[/img]
*My roommate missed my set because he was getting that shooK on3 tank made. He also helped me design the FEEM tank and shirts I made for my best friend Feemster who passed away last year. I made an acronym of his name because I promised his mom I wouldn't let him be forgotten and ended up starting a clothing line in his name : For Every Equal Man (FEEM)

I've already got 100 or so of the Feem shirts/tanks made and those shooK on3 tanks he made will be comin soon as well!

[img]<http://imageshack.com/a/img661/1493/rooWof.jpg>[/img]
Had about 7-8k ppl there while on stage, and another 8-10k ppl still in line that could hear our set as well. Literally met the lil homie Gabe (in the middle) the morning of our performance, and within 5 minutes he just starts freestyling to me and Tron.. like out of nowhere! So we smoked 2 blunts and freestyled all the way to the show.... then when i bought glitter to throw out on the crowd I told him 'This is your chance to troll every single person that's every looked down on you for something you have no control over' and i remember his eyes lighting up. I told him to just go as crazy as he wants and do whatever he wants.... somehow we ended up in perfect sync for this picture.... I remember during the set just turning left and seeing the lil homie just flex his dancing skills while standing on top on of the other speakers with me. haha. so dope. when he got off stage I had everyone give it up for him and remember saying 'Think of how big that dude's nutsack is.. seriously give it up for this dude. Most courage I've ever seen first hand in my life' and they went ham... Such a dope experience.

[img]<http://imageshack.com/a/img538/9765/QRZjqD.jpg>[/img]
*Playing Air Guitar during Tron's verse in 'Trendsetter', notice Gabe still doing his thing.. Dude was the highlight of my show for real.

[img]<http://imageshack.com/a/img540/8282/satZNn.jpg>[/img]
*I didnt want to post this full picture cuz Imma fkn chub, but it's by far the favorite picture of me and the only mid-glitter snap in all of my 29.57 yrs of existence (rough estimate).

Oh.. and real shit. YA'LL NEED TO NUT UP AND CHASE YOUR MF DREAMS. THIS SHIT IS SO EXHILARATING!

Sincerely,
Mod City.
