Justin Timberlake - June 9, 2015, 1:08 pm

\$1 LIFETIME DISCOUNT WHEN PAYING WITH CRYPTOCURRENCIES GRAB IT WHILE YOU CAN

(Jul 14, 2015 12:35 PM)Rivalry Wrote: [\[CITE\]](#) -----

Hiya, I'm Rivalry. I was contacted by Justin to review this ebook. My review is entirely unbiased, impartial, and fair. For reasons of full disclosure, I must declare that I did design this project's new graphics. However, all that means is that I was given a copy for free as reference. My review remains objective.

BASIC INFO

-

Author: Justin Timberlake
Pages: 8
Number of Methods: 2
Trust Scan: User is trusted

PROFITABILITY

-

There's one method here, but it splits down into 2 sub-categories, which you can choose from (or do both simultaneously). Both of the methods will definitely work, but in my view one of them is better as it revolves around a slightly safer means of getting paid than the other one.

Importantly, though, after you've bought the ebook and set it up (this will cost a very small amount of money), absolutely everything you make is pure profit. That's what impressed me about this ebook.

RATING: A

EASE OF USE

-

Set-up will probably take an hour or so. If you don't have the template, I'd highly recommend you buy it because it makes set-up literally a copy and paste job rather than a lengthier process. It's well worth the investment, in my view.

After it's set up, it is genuinely autopilot. I know most ebooks claim to be and aren't, but this one really is. You can just leave it running (even whilst on holiday) and it will just continuously make money around the clock. It's very clever!

So basically, choose to buy the template and you'll have a fully automatic money generation method (which you can then extrapolate and set up infinite numbers of times simultaneously) within about 10 minutes.

RATING: A+

ORIGINALITY

-

I would never, ever have thought of doing this. I'm a graphic designer, so I like to think that I'm pretty creative, but this really astonished me. I'd never even thought that this was possible, if I'm honest. I've never seen this anywhere else on the web.

I'm confident that this cannot be saturated, too. This is because the method outlined can basically be modified to be literally anything. It includes one site template and an idea just as an example, but just from flicking through the ebook I could tell that the scope here is pretty much limitless.

RATING: A+

GRAMMAR/PRESENTATION

-

I didn't spot a single grammar, punctuation, or spelling error. That's impressive in of itself in a section plagued by ebooks written by monkeys and imbeciles, but the layout is also really nice. Everything's explained simply and clearly, and the explanation is supported by images at every step along the way. Of course, if you have the template then you also have that to help you out.

Typography is good, with clear demarcation between header/sub-header/body. Overall I was impressed with the layout, but perhaps would've wanted a little more white space.

RATING: A

CONCLUSION

-

This is a truly great ebook. It's clear, to the point, and effective. Everything you need is included, and it's one of the best autopilot methods I've ever come across. The potential for profit is enormous once the initial investment is taken care of, because everything you earn will be pure profit. This also means that this ebook becomes a snowball, because as soon as you've earned some money you can plough it back in by setting the ebook up another time, thus doubling your earnings each time. Great stuff. This ebook therefore receives an A+ overall rating and is highly recommended for purchase.

OVERALL RATING: A+

jtimberhf@gmail.com

Proof of earnings: one day on autopilot (you will earn way more if you advertise ~5 minutes a day):

My final PayPal balance after using this for three months and a bit:

As you can see, this is the new PayPal and the earnings are very recent. I've still got it going on autopilot and it earns me daily. But there is one thing I cannot stress enough: Put in that tiny bit of effort now, reap the huge benefits (see above) very soon.

I also offer a refund after 60 days if the method does not work for you! Just contact me!

If you choose not to buy the template, this method will require a little bit of HTML knowledge from you. I also recommend spending a few dollars on the setup, but it can be done for free if you want to!

I've given out vouch copies before the release. They have posted reviews and their earnings in the old thread! Do not ask for vouch copies as there will not be provided any.

I'm reselling this eBook on behalf of [Dan Smith](#), with his permission of course!

Terms & Conditions [\(Click to View\)](#)

1. You will not under any circumstances charge back or dispute the PayPal payment. If you do, you will not be entitled to a refund anymore.
2. Refunds will only be given to users who purchased Tier 3. You must show proof that you tried the method and were unsuccessful after 60 days. No refunds will be given until the 60 days are over.
3. If you think you're entitled to a refund, contact support after the waiting period.
4. Attempts to leak or slander the product will strip you of refund and support privileges and get you blocked.

Vouches [\(Click to View\)](#)

(Apr 27, 2015 12:36 PM)?lex Wrote: [\[CITE\]](#) I'm one of the members who received one of the vouch copies, and I've got to say that this eBook truly is what it says it is: absolutely amazing. As you can see in my earnings hereunder, I've been earning \$100+ per day lately and I have every reason that this will continue in similar fashion. By the looks of it, I'll probably quit my job soon.

No, that is not a joke. I've been putting in about 10 minutes of work every day into this. It took a few dollars and about 20 minutes to set it all up. The custom template really helps with this so I recommend buying it. Also, there is a lot of bonus content, which is very high quality too.

I only had one question during the setup and the support helped me through it explaining everything in great detail. So, I've got nothing but good things to say really!

Big vouch for this Ebook, I highly recommend buying the 3rd package while it's on sale. Definitely worth the money!

iubjaved - June 13, 2015, 12:25 pm

Ok so your earning shows 2.485,70 Euro?

So a point after 2 meaning you only earned 2 euro?

This is the image you have inserted on your thread : <https://i.imgur.com/RbxXYET.png> with this title : My final PayPal balance after using this for three months and a bit"

Also cant help but notice all the commas on this image you posted as proof :

<https://i.imgur.com/TYF1Ln3.png>

Im guessing you edited it via inspect element ?

So in another hand, whatever the method is, it will make 2 euro in three month work even when you spent 7usd on the ebook?

Lol, if you had actually taken a good look, you'd see that the PayPal account is not in English. In Europe (and the rest of the world), we use the comma and period the other way around in numbers. So to answer your question: I did not make €2, I made €2000.

iubjaved - June 14, 2015, 8:44 pm

but it seems the figure is 2.485,70 when in europe you are saying its supposed to be 2,485.70 right?

Aurora - June 14, 2015, 8:49 pm

(Jun 14, 2015 08:44 PM)iubjaved Wrote: [\[CITE\]](#) but it seems the figure is 2.485,70 when in europe you are saying its supposed to be 2,485.70 right? sigh

In Europe, 2.485,70
In America, 2,485.70

So technically, for you, it's \$2,485.70. Not \$2.

Dan Smith - June 15, 2015, 2:50 am

I'm considering to buy this as well. But I'm afraid that this is yet another e-book which will be dissapointing. Anyone buyers here willing to post a payment proof?

bpsboy27 - July 9, 2015, 7:01 am

If you have facebook, since 2/3 methods you get require it.. I don't have facebook so tough luck I guess.

Justin Timberlake - July 9, 2015, 8:53 am

Feel free to contact me if you have any questions.

Biosade - July 13, 2015, 4:41 pm

I don't get your proof pictures.

You say you can do way more if you do 5 minuts work daily.

So even if you just get the earnings that you showed off at the screenshot, you would have earned way more then 3000 after 3 months.

Justin Timberlake - July 13, 2015, 5:11 pm

So even if you just get the earnings that you showed off at the screenshot, you would have earned way more then 3000 after 3 months.

I didn't start using the method until a while after my partner, not to mention that the screenshot is several months old. Personally, I cash out my earnings or reinvest in something else. Feel free to send me a message if you'd like proof.

?

Also the sale will be ending very soon. This might be your last chance to get it at a discounted price until it goes back to standard price. Take advantage of the offer before it's gone!

Dan Smith - July 13, 2015, 5:13 pm

So even if you just get the earnings that you showed off at the screenshot, you would have earned way more then 3000 after 3 months.

I literally put zero effort into it during those months, maybe a few minutes per week, because I was very busy with exams. That's why I didn't earn as much as I could have :(

I only found out later that a bit of effort every day could boost earnings way further, and it's all described in the method how to do that!

Cameron - July 13, 2015, 11:03 pm

Vouch for JT, this is an excellent EBook.

Justin Timberlake - July 14, 2015, 9:38 am

Thank you for the vouch Cam!

The sale will be ending today so this is your final chance to get Paypal Xploder at a discounted price!

Rivalry - July 14, 2015, 12:35 pm

Hiya, I'm Rivalry. I was contacted by Justin to review this ebook. My review is entirely unbiased, impartial, and fair. For reasons of full disclosure, I must declare that I did design this project's new graphics. However, all that means is that I was given a copy for free as reference. My review remains objective.

BASIC INFO

-
Author: Justin Timberlake
Pages: 8
Number of Methods: 2
Trust Scan: User is trusted

PROFITABILITY

-
There's one method here, but it splits down into 2 sub-categories, which you can choose from (or do both simultaneously). Both of the methods will definitely work, but in my view one of them is better as it revolves around a slightly safer means of getting paid than the other one.

Importantly, though, after you've bought the ebook and set it up (this will cost a very small amount of money), absolutely everything you make is pure profit. That's what impressed me about this ebook.

RATING: A

EASE OF USE

-
Set-up will probably take an hour or so. If you don't have the template, I'd highly recommend you buy it because it makes set-up literally a copy and paste job rather than a lengthier process. It's well worth the investment, in my view.

After it's set up, it is genuinely autopilot. I know most ebooks claim to be and aren't, but this one really is. You can just leave it running (even whilst on holiday) and it will just continuously make money around the clock. It's very clever!

So basically, choose to buy the template and you'll have a fully automatic money generation method (which you can then extrapolate and set up infinite numbers of times simultaneously) within about 10 minutes.

RATING: A+

ORIGINALITY

-

I would never, ever have thought of doing this. I'm a graphic designer, so I like to think that I'm pretty creative, but this really astonished me. I'd never even thought that this was possible, if I'm honest. I've never seen this anywhere else on the web.

I'm confident that this cannot be saturated, too. This is because the method outlined can basically be modified to be literally anything. It includes one site template and an idea just as an example, but just from flicking through the ebook I could tell that the scope here is pretty much limitless.

RATING: A+

GRAMMAR/PRESENTATION

-

I didn't spot a single grammar, punctuation, or spelling error. That's impressive in of itself in a section plagued by ebooks written by monkeys and imbeciles, but the layout is also really nice. Everything's explained simply and clearly, and the explanation is supported by images at every step along the way. Of course, if you have the template then you also have that to help you out.

Typography is good, with clear demarcation between header/sub-header/body. Overall I was impressed with the layout, but perhaps would've wanted a little more white space.

RATING: A

CONCLUSION

-

This is a truly great ebook. It's clear, to the point, and effective. Everything you need is included, and it's one of the best autopilot methods I've ever come across. The potential for profit is enormous once the initial investment is taken care of, because everything you earn will be pure profit. This also means that this ebook becomes a snowball, because as soon as you've earned some money you can plough it back in by setting the ebook up another time, thus doubling your earnings each time. Great stuff. This ebook therefore receives an A+ overall rating and is highly recommended for purchase.

OVERALL RATING: A+

No worries, I've gotten a lot of newbie questions. There is indeed a website involved in this method. If you buy tier 2 or tier 3 you won't have to worry about it at all. You'll only need to put in a little bit of work if you buy tier 1. If it seems like too much, you can just upgrade to tier 2 for a small charge and you'll be taken care of.

?

Gustav - July 26, 2015, 8:08 am

Vouching for Justin, Paypal Xploder is one of a kind and unique. I know Justin and Dan are making loads of this and you can too!

Same here. I cashed out several times, might do it again and take a picture before going to the bank this time.

angrymcdouble - July 26, 2015, 3:56 pm

The ToS you use does nothing. It tricks the consumer into thinking he has no way to get back his money; but he can..

ToS are not valid if they violate a law or anything, and they do.

Justin Timberlake - July 26, 2015, 4:13 pm

(Jul 26, 2015 03:56 PM)angrymcdouble Wrote: [\[CITE\]](#) The ToS you use does nothing. It tricks the consumer into thinking he has no way to get back his money; but he can..

ToS are not valid if they violate a law or anything, and they do.

Why would I want to trick anyone into thinking they can't get their money back if it's explicitly stated that you can get a refund? And I wasn't aware that it violates a law, which one though? Thank you for your comment but it's there for a reason, it's an agreement between us and our customers.

angrymcdouble - July 26, 2015, 10:44 pm

I meant in your ebook.

But yeah, your post between you and HF members and in your ebook are non valid.

In Canada it violates the Consumer Protection Act, in the US, you probably have an equivalent, but I'm too lazy to find the exact one.

Justin Timberlake - July 27, 2015, 4:19 am

Oh ok I see what you're talking about now. Makes a lot more sense than what I thought you meant. Yeah it's not saying that the money is gone, it just acts as a sort of disclaimer.

NSFW - July 27, 2015, 4:36 pm

Love you JT, vouch for you and all your products.

Don't hesitate to do business with him <3

is it just another ebook that gives you an example of a saturated method then tells you to make up your own

Nope, it gives you an unseen, detailed method (and if you buy the template, you won't even have to

build anything) on how to set everything up and how to advertise it correctly. Just follow all of the steps and being a little creative can benefit you even more!

If you have any other questions, fire away!

Justin Timberlake - July 29, 2015, 10:29 am

Replied to most of the messages I got, good luck with your earnings guys. Don't forget you can get a discount by paying with cryptocurrencies and wearing our signature!

Dan Smith - July 29, 2015, 1:05 pm

Alright, let me hit you with an update of my earnings. I've put it up again and got it running on semi-autopilot, I put about 15 minutes of work into this every day:

The two blacked out payments are personal, didn't want to have that out there.

Justin Timberlake - July 29, 2015, 6:57 pm
