Quote:Big News for Today , But let me remind you what happen yesterday , Yesterday , Syrian Electronic Army Take Down the US Military Official website

But today something more juicy happen, two guys who wrote their self as RAB3OUN and X-GUN hacked into Famous and High profile Hacking Exploit Online Market known as 1337day.com

1337day.com is Also known as Inj3ct0r too , Yeah it sound little bit confusing but this is truth , 1337day.com got hacked and Defaced by the Hackers ,

Remember this is not first time that 1337day.com is hacked . last time it was hacked in 2013 March 18 , by SQL_Master and Zombi3_Ma, and here is deface

But this time , Hackers Targeted the team of 1337day.com that they Share fake , and fixed exploits in market to earn money :

You are selling exploit ?

you are scammer you selling not working exploit and non-existent exploit

Hacker Also stated that :

CIA arrested your domain ?!! Who you are ? CIA ask you for Client information ?!! LoooooooL You have said a stupid reason for your client LoooooooL You are so stupid

It is a big news for the team 1337Day.com who claimed to be a top Hacking Exploit seller in Cyber World , but if they cant secure their self how people would believe in them .

Defacepage :

Site Defaced : 1337day.com

Defaced Page - 1337day.com

Did anyone of you buy anything from that site?

blackknight_ - June 10, 2015, 2:24 am

haha wow they got rekt. Exploit selling website gets hacked.... how ironic.

MafiaServ - June 10, 2015, 3:12 am

It seems 1337day has a n00bday.

Hackers are right there, how on earth they could be selling exploits, when they couldn't even secure their own ar*e.

Hahahaha "underground" ha ha ".com" that's amusing that anyone would think it was underground. There are a lot better and actual underground markets out there

One L?ve - June 10, 2015, 9:15 am

LOL! That shit's funny man. GG

Judicious? - June 10, 2015, 12:01 pm

Yeah it's been down for a awhile now. Lol. Its funny how they haven't fixed it yet.

HIGH PAID FELLA - June 10, 2015, 12:04 pm

It was a shitty site - full of scammers and rippers.

sinmar - June 10, 2015, 12:09 pm

lol, aka the inj3ct0r admins tried to rip it's users and then redirects the domain fo make it look like it was hacked

fantastick - June 10, 2015, 2:16 pm

How can you buy something from a website called "1337day.com", the website sounds stupid as fuck.

webr - June 10, 2015, 3:52 pm

I just looked around on this website too, haha.

SkullCracka - June 10, 2015, 4:06 pm

I've honestly never even seen this site before, but if they somehow get back up and secured, I know not to use them now.

Great Prosperity - June 10, 2015, 5:14 pm

RIP English. Did they release any working exploits?

Not my English. Just copy paste from the source.

Jeff Gordon - June 14, 2015, 3:24 pm

Aww I loved the Odays they posted. Was some nice collections on there RIP.
