Thread: [>>WEB PANEL || SITECLONER || CLONE ANY SITE YOU WANT || Bootstraps HTML CSS | FAST <<](#)

Raymond Reddington - June 10, 2015, 12:49 pm

Hello Fellow HF Users.

Today I am giving free access to one of my site cloners that I use.

It can clone sites and save it as Zip or upload to FTP Directly. Get the site you want in minutes.

Example of What Site cloning is :-

Original Site :- <http://www.ragzorro.ml>

Cloned Site :- <http://www.sitecloner.ml/sites/1/1433964274/>

Screenshots and Web Interface images.

Link to Website Cloner : -<http://www.sitecloner.ml/>

PM me to get the Login Credentials. Please use it for educational purpose only.

PM me to get this. Those who do not PM will not get anything. PM or sit back watch other cloning shit.

Update :- Some lifeless pathetic bastard changed the password. I will get the site online soon with new pass. This time everyone gets an unique password so I can verify who is that mole.

Please PM me again, If you want this cool shit.

The script isn't mine, its still fun to use xD.

Jim Crow - June 10, 2015, 12:50 pm

Please send me the login data !

HIGH PAID FELLA - June 10, 2015, 12:50 pm

Does it clone the PHP files too? No, I guess.

Never used for PHP, probably it might not work, but it works great for HTML and CSS sites.

PHP is server side. There is no hosted cloner that will clone PHP code without direct server access to the files in question. ALL cloners work with front-end only.

Unless the site has some exploit that allows the dump of actual PHP that you can take advantage of.

I know about this. had a link which got missed from where you can update that.

Raymond Reddington - June 11, 2015, 12:13 pm

Still giving this out. Get it while you can.

?Luxury - June 11, 2015, 12:39 pm

Can i have this thank you

Raymond Reddington - June 11, 2015, 12:45 pm

I am closing this now. Some guy changed the password 3 times now. There is no fucking password recovery option as a result to keep this running I have to re install everytime. I am done now. Sorry peeps, service closed.

The lowlife pathetic users changing pass pisses me off completely. I AM DONE NOW.

Have a good day.

zonfibra - June 11, 2015, 2:55 pm

Din't even had time to try it :/

JuiceProductions - June 11, 2015, 5:30 pm

Shit was about to pm you. Think about who you gave it too. Do it only for ubers or something.
