What is this?

Basically I am doing free web design work for everyone!

Why?

I am doing this because I want to expand my web design skills and build up my portfolio

How do I get this?

PM me with what you want

How long will it take for the website to be done?

1-2 weeks from when I start work.

Tos

I have the right to refuse service to anyone

I will be allowed to have a copy of my website in my portfolio
