This is just a little tool I found in one of my un-used folders. It is a bot for YouTube that will Increase it's view counter.

[WARNING: MAKE SURE YOUR VIDEO HAS OVER 301 VIEWS! OR ELSE YOU COULD RISK GETTING STUCK AT 301+)

Please reply or PM me if this worked for you :)

I know, but as I said at the beginning of the thread
"This is just a little tool I found in one of my un-used folders."

Thank you for this! I used this on 2 of my videos which has now 170k views. I lost this app and I was freaking dying of finding it again in this forum and now it's here! I have seen some modified copies but it doesn't work for me. So, I hope this one is the original! Thank you again!

To open .exe files on a mac, use Wine.
