I look forward to this as well as the attack on Titan live action film

Hahaha what the fuck lol

Honestly doubt that cast will be able to pull this off cause of the emotional aspects to the anime, I don't see it all working out in live action. WOuld be fun if it did though

Honestly, they're really squeezing this series for money. They released a remake, just told from a different perspective, a while back and it wasn't as great the original version.

Chips Ahoy McCoy - June 18, 2015, 3:24 pm

Probably won't be watching. I definitely don't see this working out.
