I'd like you to translate me something. Hit me with a PM if you can help me ! Thanks !

**kiNg OwL** - June 18, 2015, 6:51 am

I'm technically Mexican so it's the same difference but hey lmk

**Languages** - June 18, 2015, 11:55 am

well I know some Spanish so I could possibly be able to help, assuming you still need this

What's wrong with Google's translator? There are many translators that will give translations that sound like someone actually spoke them. Give that a shot too.

**redblma** - June 18, 2015, 1:07 pm

I am spanish ( from Spain), but I can not use PM yet :(

**GreenTea** - June 18, 2015, 2:00 pm

Someone translated it for me already. Forgot to update thread about it ! Thanks anyway ! :)

Google's translator is extremely inaccurate in some cases, especially if words have multiple meanings.

Like I also mentioned, there are other translators that work. I indeed mentioned that.

I understand some of it although i'm not spanish, i don't promise anything though... can't you post here instead?

**Angel-sama?** - June 19, 2015, 1:58 pm

Why not post it on the thread..

I'm also spanish though.

**Transcendent** - June 19, 2015, 1:59 pm

Go on Google and search: Google translate

**h4arck** - *June 24, 2015, 5:15 pm*

Im spanish from spain... not mexico or latin america.

Here is the best spanish

My Spanish is pretty good but I'm guessing you already found someone to translate for you.
