Thread: [Omni's Phat Wallet](#)

Omniscient - June 19, 2015, 1:26 pm

I'm no longer the #1 holder of OMC. Heard a few too many complaints about the fact I was holding 35% of all OMC so I started to slowly sell them at Bittrex. A hundreds thousand here and there and after a few months I now have the #2 wallet.

Me: <https://omnicha.in/?address=oK6tf99VfigovtG8YSWBMSBZZ7Ei6poyLe>

The #1 wallet: <https://omnicha.in/?address=oUgoiwnnMEXC4eV523kXdu8eQ6NY2zUBeD>

Now to do that Group auction for OMC. :)

SupremeBot - June 19, 2015, 1:28 pm

That moment when someone has more than you in something you made.

screams - June 19, 2015, 1:29 pm

Haha. That OMC Group action would be cool asf even though I wouldnt win it xD.

Ahri????? - June 19, 2015, 1:30 pm

If only all those coins could just magically come into my wallet.

Well I think that was kind of the point.

Abraham Lincoln - June 19, 2015, 1:30 pm

Well, the #1 address is now your Bittrex deposit address.

Hazy - June 19, 2015, 1:31 pm

Must be someone who has just bought the OMC considering the Rich List hasn't been updated yet.

Meow - June 19, 2015, 1:31 pm

SIM-2015410 - June 19, 2015, 1:36 pm

At least now you can't say you have never Made any money off Omnicoin :)

With the block reward halving, the group auction and hopefully the plugin after that the market should grow really strong now.

TheNakedEmperor - June 19, 2015, 2:02 pm

That's good to see.. smart tactic to break the monopoly

Omniscient - June 19, 2015, 2:35 pm

Group auction will start today. Writing it up now.

Canonsx130 - June 21, 2015, 10:28 am

Could you give us a rough estimate of how much you've invested in the OMC project till now?

Made me laugh, sums it up basically, can't wait till OMC is used by everyone. There's hope for everything. Also Omni, are you going to make some sort of payment system for OMC so companies can sell products for OMC on their website?

Use CoinPayments, just like Omni does

All you have to do is user vanitygen and enter Omni's wallet as the address you want (or any wallet on the rich list), then you can start praying to magically find it before the next 1mil years...??

He B TeMy - June 22, 2015, 9:23 am

Yea... 35% of a coin is too much imo, other people might get more interested now that they can catch you more quickly :D

Fonzie???? - June 24, 2015, 4:44 am

Business - June 24, 2015, 7:03 am

Wish I had that much.
I have about 1200 OMC in my wallet.
