Hi,

I'm offering you guys to photoshop names on boobs, sheets of papers, etc.
Just send me a pic of your eWhore with the needed name and I'll photoshop it for you.

VIP MEMBERS ONLY. L33T & UB3R

Sometimes there might be a big time delay because I live in Europe and I might sleep while you're E-Whoring, but I'll try my best and do them as quick as I can to secure your profit.

- Sakurro ?

I'm not always online there. You can just PM me here. It won't take longer than Skype.

better write a tutorial on this. any delay bigger than 15 mins is problematic.
