Thread: [~35 YouTube Likes/Dislikes/Subscribers \[FOR ALL\]](#)

DanteStigma - June 22, 2015, 3:39 am

Hey guys, i am bored and as a gift to people on HF and not specialized to upgraded members will i do free service for ALL members (even those with no posts at all, yup). Every HF user can request max 1 youtube link/2 day. Same youtube link can not be requested for another 35 likes/dislikes/subscribes

Please allow me up to 24 - 48 hours however most likely you will get it within 1 - 2 hours. Please leave a vouch when you get it, so everyone can see this awesome free service.

I can also send comment if you want that looks legit like it's real.

Fill this form please

Code YouTube Link:

Likes:

Dislikes:

Comment?:

Comment2?:

Amount of Subscribers: You can request max 35 subscribers, the total dislikes/likes should not exceed 35, both likes and dislikes in total.

If you want no Dislikes, write 0 or leave empty, same for comments and Subscribers.

I will do it as long as i can and inform you guys if i still do it or not.

Another notice i would like to inform you guys is that some youtube videos cant receive likes/dislikes, i can't diagnose the cause, i'll be quoting those people and those who PM'ed will i reply if it doesn't work, those it works will i quote them and inform them it's working and done.

Thank you, hope you are not bored to read to the bottom of this thread ?

EDIT: I remembered i had other more accounts so as a result i can send in total 34 likes, also if you want i can comment a positive comment that looks legit with weak english or child-likely nicknames on channel, just tell me what kind of comment u want, if not leave empty.
