Thread: [Specialists | Official Group | Vote for a new Userbar](#)

Bull™ - June 22, 2015, 8:59 am

Group Brand name and any information will be not change. So stop messaging me about the group unless it somehow involves the graphics.

Vote for the userbar you like most.

?Cyber - June 22, 2015, 9:00 am

god damn both of them are nice as fuck
maybe the first one?

Grin - June 22, 2015, 9:02 am

1st one looks like a tattoo of something a Mexican gangster would have. Voted for 1. You guys fit them Mexican gangsters.

2nd one probably the better choice.

Happeh - June 22, 2015, 9:04 am

Voted the second. Don't really like the lens flare going on in the first.

haydrazs - June 22, 2015, 9:04 am

Second one by far is much cleaner and looks good

+One - June 22, 2015, 9:05 am

2nd is perfect in my opinion, those are some HQ graphics bud.

TNF. - June 22, 2015, 9:05 am

Second one is better. I don't like the glow on the first one.

Raymond Reddington - June 22, 2015, 9:07 am

2nd one looks good. Voted already.

b?xxy - June 22, 2015, 9:08 am

Second one looks better, but I honestly don't think it fits the group.

niq ue ta mere - June 22, 2015, 9:09 am

I'm not going to vote because I like them both.

Mad76e - June 22, 2015, 9:11 am

I love the first one, the second is also nice. Voted 1

The Judge - June 22, 2015, 9:13 am

Kinda looks like Nulls mixed with Zero userbar

Pact - June 22, 2015, 9:17 am

Not a huge fan of either. I would've probably gone for the first one if it didn't look upside-down to me.
- If getting a completely different userbar was an option I would definitely pick that.

Dex? - June 22, 2015, 9:19 am

1st one if the glow gets tuned down a little

Gladly - June 22, 2015, 9:20 am

Kinda looks like a tribal tattoo lol

[img]http://s9.postimg.org/dyhkr4iu7/ub_specialists.png[/img]

Hazy - June 22, 2015, 9:23 am

There's more detail in the second one.

Raz?r - June 22, 2015, 9:26 am

2nd one looks way better.

?

Ty for finding that image.

haydrazs - June 22, 2015, 9:27 am

2nd one or riot 2nd one or riot

Raptorr - June 22, 2015, 9:29 am

Neither look as good as the current one, however I suppose the second one is better!

HIGH PAID FELLA - June 22, 2015, 9:31 am

Voted for the second one, that one looks so much better.

AnonNinja - June 22, 2015, 9:33 am

How about we keep it the same.

Regards,
~ AnonNinja

CJamie - June 22, 2015, 9:33 am

Voted for the second one. I think it's slightly better than the first.

Bull™ - June 22, 2015, 9:47 am

We have did some little changes in first userbar , please look at again .

Bitdefender - June 22, 2015, 9:49 am

Nvm...

Second one looks good.

webdev77 - June 22, 2015, 9:49 am

Second one by far. It actually looks like a good design, not just a mirrored pattern.

Mood - June 22, 2015, 9:50 am

Not a fan of either of them, I like the current.

Realizm - June 22, 2015, 9:52 am

You would be better off keeping the current one. But I voted for number 2.

Serion - June 22, 2015, 9:54 am

Yeah the second one wins bull. You might as well just add it now :P

Both look sick af though.

Ginsum - June 22, 2015, 9:54 am

This.

Both of these a relatively close to Nulls.

Well I am getting bored with the Current one ,:(

Meow - June 22, 2015, 9:55 am

None of them,both look ugly imo. ?

Th3PonyWizard - June 22, 2015, 9:59 am

Both kinda suck. Can't u stay with current?

Daw'D - June 22, 2015, 10:08 am

Hello Bull, i have tried to contact you on skype and on the market place but the market place wouldnt let me post because i dont have enough reputations and i couldnt send you private message either. Please i am a new customer of yours who just purchased your crypter. Can you kindly help fix the error problem. my Skype is [mooadaannn]. I do need your assistance as soon as possible. Thanks

Cooligan - June 22, 2015, 10:10 am

The second one is definitely the nicer of the two.

NieR - June 22, 2015, 10:13 am

The current Specialists userbar is way better than both of those.

Retribute - June 22, 2015, 10:15 am

Second one is OK. The current one is a much better alternative, however.

Realizm - June 22, 2015, 10:15 am

Lol I know what you mean man... but maybe find a good one that is as good or better than the current one before changing it :)

Regulus - June 22, 2015, 10:15 am

I like both of them so I don't know which one to vote for haha.

Realizm - June 22, 2015, 10:18 am

The user Ripple can make you a great userbar.

+One - June 22, 2015, 10:21 am

Bull, why are people voting for my name? ?

Thank you kind sir . ?

Realizm - June 22, 2015, 10:55 am

No problem man, happy to help :)

Minato Namikaze - June 22, 2015, 12:41 pm

Second one is better. Pick that one for sure :P

Untold - June 22, 2015, 12:44 pm

I really like both of them, but I'd say the first one.

Vegas - June 22, 2015, 12:45 pm

YEEEEEE COP THE SECOND ONE BB

Tommy - June 22, 2015, 12:57 pm

The current userbar is far better then those two.

But good luck with the group bull.

Blatngu® - June 22, 2015, 3:08 pm

Personally i like more the current userbar , but for those two i like the second one.

Designer - June 22, 2015, 3:14 pm

I dislike them both. They're just as bad as the current one.

If I must choose I'd change to the 2nd, but meh..

Do they have a meaning even or just some random abstract shape like the current one?

Business - June 22, 2015, 4:03 pm

I like the second one, get it already so I can wear it! <3

Hexicidal - June 22, 2015, 6:59 pm

I don't like either of the options.

crazyycast13 - June 22, 2015, 7:12 pm

Oy why didn't we ever get to see these before now? Did you have any other choices?

Astute - June 22, 2015, 7:12 pm

(Jun 22, 2015 06:59 PM)Hexicidal Wrote: [\[CITE\]](#) I don't like either of the options.

I concur.

They both look ugly.

Roger Waters - June 22, 2015, 7:14 pm

Both resemble Null's userbar way too much with the color scheme. I'd like to see them in different colors.

Vinnie - June 22, 2015, 7:14 pm

Xitoxics designs, so obvious.

Cory™ - June 22, 2015, 9:21 pm

I still like the current one the best

Limited Edition - June 22, 2015, 9:25 pm

Personally I like the original one, you could just do an updated version of that? I haven't been here long and haven't really followed anything that happens with groups but your original UB stands out to me and it's just become part of who specialists are.

Out of the two new ones, the second one is my favourite so I gave my vote to the 2nd. ?

Cooligan - June 22, 2015, 9:27 pm

Pretty much this.

Current one is nicer, but I can understand the want for a change.

The GRim - June 22, 2015, 9:28 pm

I thought xitoxic was skilled but all he knows is to make similar userbars.
You should contact Ripple.

Anyway current one is better than these two.

Zelix - June 23, 2015, 7:43 am

To be honest I like the one right now more than the ones in the thread.
However, if I should choose, I'd go for the 2nd one.
