So, what is your guilty pleasure? an anime that everyone hates but you actually like. And, why? I'll say To Love-RU. With all its Hentaiess I actually had fun watching it..

School Days was actually one of the few romance anime that I liked. I still consider it a masterpiece.

As for my guilty pleasure, I guess I could go with Naruto. I'm one of the Narufags that thoroughly enjoys it.

?l???ry - June 24, 2015, 7:24 pm

Guilty Crown. I love the artwork and scenery in it. The plot was great to me.
But most people hate it. rip

Esdeath - June 24, 2015, 9:08 pm

Uhh I don't have a guilty pleasure anime but for characters its definitely Mikaela from Owari No

Seraph he's adorable. P.S: I'm a guy.

b?xxy - June 24, 2015, 9:09 pm

Naruto is really dope to be honest.

Mr Fox - June 24, 2015, 9:11 pm

Clannad... I don't give a shit what anyone says. When the main character turned into a chick my dormant dick became as solid as the iceberg the titanic hit.

Chips Ahoy McCoy - June 25, 2015, 12:24 am

Sakurasou. Most people give me shit for having it so highly rated, but I couldn't care less. If I enjoyed a show that much, it deserves to be high on my PERSONAL list.

VYKTOR - June 25, 2015, 12:50 am

So surprised nobody actually mentioned this.

I like High School DxD.

I'm not really a fan of ecchi but there are only two exceptions to that.

High School DxD & Mirai Nikki.

I love Yuno Gasai.?

Oh my god yes, Mirai Nikki is so underappreciated imo. I undeestand why people dislike it, but Yuno man.. Yuno.

Ciel Phantomhive - June 25, 2015, 2:58 am

Never considered Mirai Nikki to be disliked, but I enjoyed it. I also enjoyed Highschool DxD, for the setting. As dumb as that sounds, aside from the I BELIEVE SO I WILL WIN stuff I thought the whole demon society thing was actually really well-built.

Elweth - June 25, 2015, 5:18 am

Kiss x Sis ova is especially good <3

OT: I like High School DxD. Already watched The first season, New, and I am currently watching BorN. It's a shame they only make a season every two years or so.

"one season every two years"

1st season 2012, 2nd season 2013

okanbey1 - June 25, 2015, 2:01 pm

Check the dates on it.

Also the 3rd season just finished airing and it's 2015.

A new season every 1.5 years and that rounds up to two.

Season one started on: January 6th 2012

549 days later

Season two started on: July 7th, 2013 (1.5 years later)

636 days later

Season three started on: April 4th, 2015 (which is a YEAR and 9 MONTHS later, ~1.75 years later)

So exactly one and a half years between the first two seasons, and longer between the second and third season. According to math, 1.7ish rounds up to 2.

Presumably the 4th season will start to air October 2016, or around there.

I think you're trying too hard when nobody cares tbh, season 1 aired in 2012 and season 2 aired in 2013

It's far more than a year in between. It will probably be two years from Season 3 air date anyways this time, if they make a new one. The year date means nothing really, you also need to factor in the day of the month.

My point is, it will feel more like two years than one year.

Highschool DxD for me as well.

I know it's story is pretty shallow and the only reason most people watch it is tits, but, I actually like the story for some reason. I'm a fan of anime where the MC is an underdog.

But look at it objectively, it's just a harem/ecchi anime.

Naruto, School Days, and DxD. SAO wasn't utter shit.

So many people saying that it makes the games look like shit and that it's a failed attempt to make
